GOA PUBLIC SERVICE COMMISSION | COMPUTER BASED RECRUITMENT TEST

Practice Set 12

English (Comprehension), English Grammar, General Knowledge and Current Affairs of India and Goa, Logical Reasoning, and Core. 60 questions, 60 marks, 75 minutes. Answer key and explanations at the end.

What this is. A practice paper in the pattern of the Homoeopathic Physician syllabus (Advt. 06/2026): Comprehension 10, Grammar 5, General Knowledge 10, Logical Reasoning 10 and Core 25. The questions in sections I, II and IV are taken from GPSC CBRT papers of 2023 to 2026, including the medical papers (Medical Officer 2024 and 2025, Pharmacology, Pharmaceutics, Pharmaceutical Chemist, Physiotherapy, Dentist, Ophthalmologist); each explanation names the paper. Section III (GK) is written for a CBRT on 1 November 2026, following the pattern of GPSC's GK papers from 2018 to September 2026: mostly current affairs of August to October 2026, with Goa, important days and some static GK. Where GPSC's printed key was wrong, the corrected answer is given. A few grammar items marked 'GPSC-style practice item' were written to fill the section. The core section is original, set to the ten core topics of the syllabus. In the real paper the core questions come first; here they come last, in syllabus order.

Section	Questions	Marks
English (Comprehension)	1 to 10	10
English Grammar	11 to 15	5
General Knowledge / Current Affairs of India and Goa	16 to 25	10
Logical Reasoning	26 to 35	10
Core: Full syllabus (Topics 1 to 10)	36 to 60	25
Total	**60**	**60**

Each question carries one mark and has five options; option E is always "None of the above", as in the real test. No marks are deducted for a wrong answer. The CBRT for the post of Homoeopathic Physician (Advt. 06 of 2026) is 60 marks in 75 minutes: these four sections plus a 25-mark core section. The qualifying marks are 30 of 60 for General, EWS and ex-servicemen, 27 for OBC, PwD and CFF, and 24 for SC and ST.

SECTION I | 10 MARKS

English (Comprehension)

Passage 1. Read the passage and answer questions 1 to 5.

India’s New Education Policy (NEP) represents a paradigmatic departure from the colonial legacy of rote memorization toward a holistic, multidisciplinary framework. By restructuring the pedagogical hierarchy from 10+2 to a 5+3+3+4 system, the policy aims to integrate vocational skills with academic rigor, thereby dissolving the rigid silos between arts, sciences, and commerce. The emphasis on mother-tongue instruction in foundational years acknowledges the cognitive benefits of learning in a native language. However, the grandeur of the vision faces the friction of ground realities. The "implementation gap" poses a severe threat; a multidisciplinary approach requires teachers capable of traversing disciplinary boundaries—a resource currently scarce. Without a massive overhaul of infrastructure and teacher training, the NEP risks remaining a visionary document.

1. The "5+3+3+4 system" mentioned in the passage refers to:

A. The teacher–student ratio.
B. The number of languages a student must learn.
C. The years needed for a PhD.
D. The new structure of school education.
E. None of the above

2. The primary objective of the NEP, as described, is to:

A. Make English the only medium.
B. Shift from rote learning to a multidisciplinary, holistic framework.
C. Keep the colonial legacy.
D. Separate arts, sciences and commerce more rigidly.
E. None of the above

3. What is identified as the major challenge to the NEP?

A. The scarcity of teachers able to teach across disciplines.
B. Students' lack of interest in vocational skills.
C. Refusal to use the mother tongue.
D. Parents' resistance.
E. None of the above

4. The phrase "dissolving the rigid silos" means:

A. Making science harder.
B. Reducing vocational training.
C. Breaking down the strict separation between streams of study.
D. Pulling down old storage buildings.
E. None of the above

5. Why does the policy emphasize mother-tongue instruction?

A. Because of the cognitive benefits of learning in one's native language.
B. English is too hard for children.
C. To promote nationalism only.
D. To cut printing costs.
E. None of the above

Passage 2. Read the passage and answer questions 6 to 10.

Tourism in India is often promoted as a vital instrument of economic growth and cultural exchange. Heritage monuments, religious destinations, and natural landscapes attract large numbers of domestic and international visitors. Revenue from tourism generates employment and supports local economies. However, unchecked tourism places immense pressure on fragile ecosystems and historical sites. Cultural practices are frequently modified to suit tourist expectations, reducing living traditions to staged performances. Infrastructure development prioritizes visitor convenience while overlooking local environmental limits. Seasonal tourist influxes strain water supply, waste management, and transport systems. Local communities often have limited participation in planning and decision-making. As a result, economic benefits coexist with cultural erosion and environmental degradation. Sustainable tourism therefore requires balancing economic objectives with ecological responsibility and cultural integrity.

6. The central concern of the passage is the

A. economic failure of tourism
B. imbalance between tourism growth and sustainability
C. lack of cultural diversity at tourist sites
D. decline of tourist interest in India
E. None of the above

7. The phrase "staged performances" implies that cultural practices are

A. carefully preserved
B. completely abandoned
C. protected by law
D. artificially adapted for tourists
E. None of the above

8. According to the passage, infrastructure development mainly prioritizes

A. tourist convenience
B. cultural education
C. local community needs
D. environmental protection
E. None of the above

9. Why are local communities marginalized in tourism development?

A. They have a limited role in decision-making
B. They oppose tourism
C. They lack interest
D. They already benefit
E. None of the above

10. The author suggests that sustainable tourism must primarily focus on

A. maximizing foreign exchange
B. increasing tourist numbers
C. balancing economy, culture and environment
D. expanding infrastructure rapidly
E. None of the above

SECTION II | 5 MARKS

English Grammar

11. Choose the correct sentence:

A. This hospital is more better equipped than any other hospital in the district.
B. This hospital is better equipped than any hospital in the district.
C. This hospital is best equipped than any other hospital in the district.
D. This hospital is better equipped than any other hospital in the district.
E. None of the above

12. Identify the error: “The furnitures in the new ward were donated by a trust.”

A. furnitures
B. in the new ward
C. were donated
D. by a trust
E. None of the above

13. Choose the correct passive construction: “People expect the minister to resign.”

A. The minister is expected to resign.
B. The minister expected to resign.
C. The minister is expected resigning.
D. It is expected the minister to resign.
E. None of the above

14. Choose the correct modal: “When I was young, I _____ swim across the river.”

A. must
B. could
C. may
D. can
E. None of the above

15. Choose the word opposite in meaning to “ephemeral”:

A. everlasting
B. fleeting
C. transient
D. brief
E. None of the above

SECTION III | 10 MARKS

General Knowledge / Current Affairs of India and Goa

16. According to a NITI Aayog report (2026), about how many Indian youth aged 15–29 are 'NEET' (not in education, employment or training)?

A. 50 million
B. 87 million
C. 150 million
D. 27 million
E. None of the above

17. The theme of Rashtriya Poshan Maah 2026, its ninth edition, was:

A. Hamari Anganwadi, Hamari Jimmedari
B. Every Child Counts
C. Poshan Bhi, Padhai Bhi
D. Suposhit Bharat, Saksham Bharat
E. None of the above

18. Who was Player of the Match when India beat Sri Lanka by 165 runs in the Galle Test (August 2026)?

A. Dhruv Jurel
B. Devdutt Padikkal
C. Yashasvi Jaiswal
D. Shubman Gill
E. None of the above

19. India won the Men's Junior Asia Cup and retained the Women's Junior Asia Cup in 2026. Junior Asia Cups are age-group tournaments in:

A. Football
B. Hockey
C. Kabaddi
D. Cricket
E. None of the above

20. World Animal Welfare Day is observed on:

A. 29 July
B. 3 March
C. 4 October
D. 22 May
E. None of the above

21. The Shri Mangueshi temple is in which taluka of Goa?

A. Salcete
B. Bardez
C. Tiswadi
D. Ponda
E. None of the above

22. India's real GVA growth for April–June 2026 (Q1 FY27) was:

A. 8.2%
B. 6.8%
C. 7.2%
D. 9.1%
E. None of the above

23. ISRO tested the semi-cryogenic pre-burner for its SCE-200 engine in October 2026 at:

A. Thumba, Kerala
B. Bengaluru
C. Mahendragiri, Tamil Nadu
D. Sriharikota, Andhra Pradesh
E. None of the above

24. Anant Nag, who received the Dadasaheb Phalke Award for 2024, is known mainly for films in:

A. Telugu
B. Malayalam
C. Tamil
D. Kannada
E. None of the above

25. The Battle of Plassey was fought in:

A. 1757
B. 1857
C. 1764
D. 1761
E. None of the above

SECTION IV | 10 MARKS

Logical Reasoning

26. Find the next number in the series: 8, 27, 64, 125, ?

A. 216
B. 196
C. 225
D. 343
E. None of the above

27. Which letter is exactly midway between G and S in the English alphabet?

A. K
B. L
C. M
D. N
E. None of the above

28. If CLERK is written as DMFSL in a certain code, how is JUDGE written?

A. KVEGF
B. ITCFD
C. KUEHF
D. KVEHF
E. None of the above

29. Thermometer is to temperature as seismograph is to:

A. Rainfall
B. Earthquakes
C. Wind speed
D. Humidity
E. None of the above

30. Q and R are brother and sister. P is Q's son and S is R's son. How is P related to S?

A. Cousin
B. Brother
C. Uncle
D. Nephew
E. None of the above

31. Starting from point X, Raju walks 6 km north, then 8 km east, then 6 km south. How far is he from X?

A. 6 km
B. 7 km
C. 8 km
D. 10 km
E. None of the above

32. A, B and C can do a work in 20, 30 and 60 days. In how many days can A do it if B and C help him every third day?

A. 12 days
B. 15 days
C. 16 days
D. 18 days
E. None of the above

33. Which word does NOT belong with the others?

A. unimportant
B. trivial
C. insignificant
D. familiar
E. None of the above

34. Statement: "The government should immediately tighten regulation of pharmaceutical advertising to protect public health." Which assumption is inherent?

A. Such advertising now misleads the public or poses a health risk
B. Regulation is the only way to protect public health
C. The government has all the resources needed
D. Public health is deteriorating because of such advertising
E. None of the above

35. Identify the next term: 1, 2, 6, 42, 1806, …

A. 3263430
B. 3263443
C. 3263442
D. 3263421
E. None of the above

SECTION V | 25 MARKS

Core: Full syllabus (Topics 1 to 10)

36. According to §83, the physician taking the case needs above all:

A. a knowledge of pathology only
B. laboratory reports before speaking to the patient
C. a fixed list of questions
D. freedom from prejudice, sound senses, attention in observing and fidelity in recording
E. None of the above

37. According to §18, the sole indication guiding the choice of the remedy is:

A. the name of the disease
B. the pathological report
C. the totality of symptoms, with its accompanying circumstances
D. the patient's preference
E. None of the above

38. After the first prescription the patient is steadily improving. The right course is to:

A. wait, and not repeat or change while improvement continues
B. repeat the dose daily
C. give a complementary remedy
D. raise the potency at once
E. None of the above

39. Discharges with a fish-brine odour are characteristic of which miasm?

A. Psora
B. Sycosis
C. Syphilis
D. Tubercular
E. None of the above

40. A patient who is very awkward, drops things, with puffiness and a tendency for marks to persist after pressure from scissors or instruments, suggests:

A. Apis
B. Natrum carb
C. Bovista
D. Calcarea carb
E. None of the above

41. Extreme weakness from the heat of the sun, with great debility, inability to digest milk and sensitivity to music, suggests:

A. Natrum carbonicum
B. Natrum mur
C. Glonoine
D. Belladonna
E. None of the above

42. An organ remedy used in mother tincture for left-sided splenic enlargement and pain is:

A. Crataegus
B. Chelidonium
C. Ceanothus americanus
D. Berberis
E. None of the above

43. Which remedy is complementary to Pulsatilla?

A. Causticum
B. Coffea
C. Phosphorus
D. Silicea
E. None of the above

44. Under the old Hahnemannian method, mother tinctures were prepared in different classes according to:

A. the potency required
B. the price of the drug
C. the disease
D. the juice and moisture content of the plant (Classes I to IX)
E. None of the above

45. 'Strong alcohol' in the Homoeopathic Pharmacopoeia of India is ethanol of about:

A. 50% v/v
B. 95% v/v
C. 20% v/v
D. 10% v/v
E. None of the above

46. Guernsey's repertory dealing only with haemorrhoids is an example of a:

A. general repertory
B. card repertory
C. particular (regional) repertory
D. computer repertory
E. None of the above

47. The correct order of the steps after case taking is:

A. repertorisation first, then case taking
B. potency selection first
C. analysis and evaluation of symptoms, totality, repertorisation, then final selection from the materia medica
D. materia medica first, then case taking
E. None of the above

48. The normal PR interval on the ECG is:

A. 0.04–0.08 seconds
B. 0.12–0.20 seconds
C. 0.36–0.44 seconds
D. over 0.30 seconds
E. None of the above

49. The normal serum anion gap is about:

A. 8–12 mEq/L
B. 25–30 mEq/L
C. 0–2 mEq/L
D. 40–50 mEq/L
E. None of the above

50. Red blood cell casts in urine indicate:

A. pyelonephritis
B. acute tubular necrosis
C. normal urine
D. glomerulonephritis
E. None of the above

51. Blunting of the costophrenic angle on a chest X-ray suggests:

A. Pneumothorax
B. Pleural effusion
C. Lobar consolidation
D. Normal lung
E. None of the above

52. Recurrent abdominal pain related to defecation, with altered stool frequency or form and no structural disease, is:

A. Peptic ulcer disease
B. Ulcerative colitis
C. Acute cholecystitis
D. Irritable bowel syndrome
E. None of the above

53. Asterixis (flapping tremor) in a cirrhotic patient suggests:

A. hypoglycaemia only
B. hepatic encephalopathy
C. stroke
D. Parkinsonism
E. None of the above

54. The usual HbA1c target for most adults with diabetes is below:

A. 10%
B. 7%
C. 5%
D. 12%
E. None of the above

55. The commonest benign tumour of the uterus, a frequent cause of heavy menstrual bleeding, is the:

A. Leiomyoma (fibroid)
B. Endometrial carcinoma
C. Choriocarcinoma
D. Dermoid cyst
E. None of the above

56. The commonest cause of infantile diarrhoea worldwide is (GPSC Medical Officer, 2024):

A. Norwalk virus
B. Vibrio cholerae
C. lactose intolerance
D. rotavirus
E. None of the above

57. Fractures that are slow to unite, with pricking pain at the site, are helped by:

A. Symphytum officinale
B. Ruta graveolens
C. Calendula
D. Rhus toxicodendron
E. None of the above

58. After a clean surgical incision, with smarting pain and a sense of insult, the remedy usually indicated is:

A. Arnica
B. Hypericum
C. Bellis perennis
D. Staphysagria
E. None of the above

59. Under the MTP (Amendment) Act 2021, the opinion of two registered doctors is needed for termination at (GPSC Medical Officer, 2025):

A. up to 12 weeks
B. 12–14 weeks
C. 20–24 weeks
D. beyond 24 weeks in all cases
E. None of the above

60. The Physical Quality of Life Index (PQLI) consists of:

A. infant mortality, literacy and life expectancy at age one
B. income, education and life expectancy
C. IMR and MMR only
D. GDP and literacy
E. None of the above

Explanations

English (Comprehension)

1 **D** **The new structure of school education.**
Detail: it replaces the 10+2 'pedagogical hierarchy'. Passage: GPSC CBRT (Civil Registrar-cum-Sub Registrar), Mar 2026.

2 **B** **Shift from rote learning to a multidisciplinary, holistic framework.**
Main idea: the first sentence. Passage: GPSC CBRT (Civil Registrar-cum-Sub Registrar), Mar 2026.

3 **A** **The scarcity of teachers able to teach across disciplines.**
Detail: the fifth sentence. Passage: GPSC CBRT (Civil Registrar-cum-Sub Registrar), Mar 2026.

4 **C** **Breaking down the strict separation between streams of study.**
Vocabulary in context: silos between 'arts, sciences, and commerce'. Passage: GPSC CBRT (Civil Registrar-cum-Sub Registrar), Mar 2026.

5 **A** **Because of the cognitive benefits of learning in one's native language.**
Detail: the third sentence. Passage: GPSC CBRT (Civil Registrar-cum-Sub Registrar), Mar 2026.

6 **B** **imbalance between tourism growth and sustainability**
Main idea: benefits 'coexist with cultural erosion and environmental degradation'. Passage: GPSC CBRT (Assistant Professor in Pharmaceutics), Jan 2026.

English (Comprehension)

7	**D**	**artificially adapted for tourists** Vocabulary in context: 'modified to suit tourist expectations'. Passage: GPSC CBRT (Assistant Professor in Pharmaceutics), Jan 2026.
8	**A**	**tourist convenience** Detail: the sixth sentence. Passage: GPSC CBRT (Assistant Professor in Pharmaceutics), Jan 2026.
9	**A**	**They have a limited role in decision-making** Detail: the eighth sentence. Passage: GPSC CBRT (Assistant Professor in Pharmaceutics), Jan 2026.
10	**C**	**balancing economy, culture and environment** Main idea: the last sentence. Passage: GPSC CBRT (Assistant Professor in Pharmaceutics), Jan 2026.

English Grammar

11	**D**	**This hospital is better equipped than any other hospital in the district.** Comparing one member with the rest of its own group needs 'any other'. GPSC-style practice item, modelled on the 2026 grammar blocks.
12	**A**	**furnitures** 'Furniture' is uncountable: 'The furniture … was donated'. GPSC-style practice item, modelled on the 2026 grammar blocks.
13	**A**	**The minister is expected to resign.** The same pattern as GPSC's 2026 items: subject + is expected + to-infinitive. GPSC-style practice item, modelled on the 2026 grammar blocks.
14	**B**	**could** 'Could' expresses ability in the past. GPSC-style practice item, modelled on the 2026 grammar blocks.
15	**A**	**everlasting** Ephemeral = lasting a very short time. GPSC-style practice item, modelled on the 2026 grammar blocks.

General Knowledge / Current Affairs of India and Goa

16	**B**	**87 million** Aug 2026.
17	**A**	**Hamari Anganwadi, Hamari Jimmedari** Sep 2026.
18	**B**	**Devdutt Padikkal** Aug 2026.
19	**B**	**Hockey** Sep 2026.

General Knowledge / Current Affairs of India and Goa

20 **C** **4 October**
Feast day of St Francis of Assisi.

21 **D** **Ponda**
At Priol, Ponda.

22 **A** **8.2%**
GDP growth was 7.8%. Aug 2026.

23 **C** **Mahendragiri, Tamil Nadu**
ISRO Propulsion Complex.

24 **D** **Kannada**
Presented in September 2026.

25 **A** **1757**
Robert Clive defeated Siraj-ud-Daulah.

Logical Reasoning

26 **A** **216**
These are the cubes of 2, 3, 4 and 5. The next is 6 cubed, 216.

27 **C** **M**
G is the 7th letter and S the 19th. Midway is the 13th letter, M.

28 **D** **KVEHF**
Each letter moves one place forward: J-K, U-V, D-E, G-H, E-F.

29 **B** **Earthquakes**
A seismograph records the ground movement caused by earthquakes.

30 **A** **Cousin**
The children of a brother and a sister are cousins.

31 **C** **8 km**
The 6 km north and 6 km south cancel out, leaving him 8 km east of X.

32 **B** **15 days**
Per 3 days: 3/20 + 1/30 + 1/60 = 12/60 = 1/5 of the work, so 15 days. GPSC CBRT, Mar 2025.

33 **D** **familiar**
The first three mean 'of little importance'. GPSC CBRT, Sep 2025.

34 **A** **Such advertising now misleads the public or poses a health risk**
The call for urgent regulation presumes a present risk. B and D are too strong. GPSC CBRT, Jun 2025.

35 **C** **3263442**
Each term is n × (n + 1) of the previous: 1806 × 1807 = 3263442. GPSC CBRT, Jun 2025.

Core: Full syllabus (Topics 1 to 10)

36	**D**	**freedom from prejudice, sound senses, attention in observing and fidelity in recording** Topic 1, Organon and Philosophy. §83: the unprejudiced observer; case taking demands freedom from prejudice and sound senses.
37	**C**	**the totality of symptoms, with its accompanying circumstances** Topic 1, Organon and Philosophy. §18: the sum of all the symptoms and circumstances is the sole indication.
38	**A**	**wait, and not repeat or change while improvement continues** Topic 1, Organon and Philosophy. A remedy that is acting is left alone. Kent: when in doubt, wait.
39	**B**	**Sycosis** Topic 1, Organon and Philosophy. Offensive, fish-brine discharges are a sycotic keynote.
40	**C**	**Bovista** Topic 2, Materia Medica. Bovista: awkwardness, deep imprints from blunt instruments.
41	**A**	**Natrum carbonicum** Topic 2, Materia Medica. Natrum carb: worse from summer heat and mental exertion.
42	**C**	**Ceanothus americanus** Topic 2, Materia Medica. Ceanothus is the classic spleen remedy.
43	**D**	**Silicea** Topic 2, Materia Medica. Silicea is the chronic of Pulsatilla; Kali sulph is also complementary.
44	**D**	**the juice and moisture content of the plant (Classes I to IX)** Topic 3, Pharmacy. The new HPI method uses a uniform drug strength.
45	**B**	**95% v/v** Topic 3, Pharmacy. Weaker alcohols are diluted from it.
46	**C**	**particular (regional) repertory** Topic 4, Repertory. W. J. Guernsey's 'Haemorrhoids' (also Bell's Diarrhoea).
47	**C**	**analysis and evaluation of symptoms, totality, repertorisation, then final selection from the materia medica** Topic 4, Repertory. The repertory narrows the field; the materia medica decides.
48	**B**	**0.12–0.20 seconds** Topic 5, Anatomy and Physiology. It mainly reflects conduction delay in the AV node.
49	**A**	**8–12 mEq/L** Topic 5, Anatomy and Physiology. Raised in diabetic ketoacidosis, lactic acidosis, renal failure and some poisonings.
50	**D**	**glomerulonephritis** Topic 6, Pathology, Microbiology and Diagnostics. WBC casts suggest pyelonephritis.

Core: Full syllabus (Topics 1 to 10)

51	**B**	**Pleural effusion** Topic 6, Pathology, Microbiology and Diagnostics. Fluid collects first in the costophrenic recess; at least 200 mL on a PA film.
52	**D**	**Irritable bowel syndrome** Topic 7, Practice of Medicine. Rome IV criteria for IBS; a functional disorder.
53	**B**	**hepatic encephalopathy** Topic 7, Practice of Medicine. Also seen in CO2 retention and uraemia.
54	**B**	**7%** Topic 7, Practice of Medicine. Targets are individualised; 7% suits most adults.
55	**A**	**Leiomyoma (fibroid)** Topic 8, Obstetrics, Gynaecology and Paediatrics. Fibroids are smooth-muscle tumours; they cause menorrhagia and infertility.
56	**D**	**rotavirus** Topic 8, Obstetrics, Gynaecology and Paediatrics. Rotavirus vaccine is in India's UIP.
57	**A**	**Symphytum officinale** Topic 9, Surgery, ENT, Eye and First Aid. Symphytum ('knitbone') promotes union of fractures.
58	**D**	**Staphysagria** Topic 9, Surgery, ENT, Eye and First Aid. Staphysagria: clean-cut wounds and post-operative pain.
59	**C**	**20–24 weeks** Topic 10, Community and Forensic Medicine, Ethics. One doctor up to 20 weeks; a medical board beyond 24 weeks for fetal anomalies.
60	**A**	**infant mortality, literacy and life expectancy at age one** Topic 10, Community and Forensic Medicine, Ethics. As keyed in GPSC Medical Officer, 2024.
