GOA PUBLIC SERVICE COMMISSION | COMPUTER BASED RECRUITMENT TEST

Practice Set 8

English (Comprehension), English Grammar, General Knowledge and Current Affairs of India and Goa, Logical Reasoning, and Core. 60 questions, 60 marks, 75 minutes. Answer key and explanations at the end.

What this is. A practice paper in the pattern of the Homoeopathic Physician syllabus (Advt. 06/2026): Comprehension 10, Grammar 5, General Knowledge 10, Logical Reasoning 10 and Core 25. The questions in sections I, II and IV are taken from GPSC CBRT papers of 2023 to 2026, including the medical papers (Medical Officer 2024 and 2025, Pharmacology, Pharmaceutics, Pharmaceutical Chemist, Physiotherapy, Dentist, Ophthalmologist); each explanation names the paper. Section III (GK) is written for a CBRT on 1 November 2026, following the pattern of GPSC's GK papers from 2018 to September 2026: mostly current affairs of August to October 2026, with Goa, important days and some static GK. Where GPSC's printed key was wrong, the corrected answer is given. A few grammar items marked 'GPSC-style practice item' were written to fill the section. The core section is original, set to the ten core topics of the syllabus. In the real paper the core questions come first; here they come last, in syllabus order.

Section	Questions	Marks
English (Comprehension)	1 to 10	10
English Grammar	11 to 15	5
General Knowledge / Current Affairs of India and Goa	16 to 25	10
Logical Reasoning	26 to 35	10
Core: Organon, Materia Medica and Pharmacy	36 to 60	25
Total	**60**	**60**

Each question carries one mark and has five options; option E is always "None of the above", as in the real test. No marks are deducted for a wrong answer. The CBRT for the post of Homoeopathic Physician (Advt. 06 of 2026) is 60 marks in 75 minutes: these four sections plus a 25-mark core section. The qualifying marks are 30 of 60 for General, EWS and ex-servicemen, 27 for OBC, PwD and CFF, and 24 for SC and ST.

SECTION I | 10 MARKS

English (Comprehension)

Passage 1. Read the passage and answer questions 1 to 5.

The slow dismantling of institutionalized stigmas surrounding mental health disorders is a significant cultural shift, yet clinical frameworks still struggle to address the deep structural root causes of psychological distress. For decades, public health messaging focused almost entirely on correcting chemical imbalances within individuals, promoting a pharmaceutical-first model of care. While biomedical interventions remain absolutely vital for millions, this narrow focus risks ignoring the socio-environmental factors—such as economic insecurity, chronic professional burnout, systemic marginalization, and the profound isolation of modern digital life—that drive psychological suffering. True mental healthcare requires moving past simple awareness campaigns toward dismantling the structural barriers that prevent access to care, specifically integrating psychiatric resources into primary public health networks. Furthermore, the growing commodification of "wellness" via digital platforms often reduces mental health care to a superficial aesthetic of self-care, masking the absence of systemic psychiatric support. The ultimate test of societal empathy lies in building accessible, communal, and non-punitive mental health infrastructure that values psychological well-being as a universal human right rather than an individual luxury.

1. The author criticizes a purely "pharmaceutical-first model of care" because it:

A. Cannot treat chemical imbalances.
B. Risks overlooking the socio-environmental drivers of distress.
C. Relies too much on primary care.
D. Costs less than awareness campaigns.
E. None of the above

2. Which is identified as a socio-environmental factor in mental health?

A. Expansion of psychiatric infrastructure.
B. Genetic predisposition.
C. Economic insecurity and the isolation of digital life.
D. Wellness aesthetics in clinics.
E. None of the above

3. Digital "wellness" platforms can have a negative effect by:

A. Reducing psychiatric care to a superficial, commercialised aesthetic of self-care.
B. Raising medicine prices.
C. Replacing primary health networks.
D. Making biomedicine obsolete.
E. None of the above

4. A critical step toward systemic mental healthcare, according to the text, is:

A. Making individuals solely accountable.
B. Promoting wellness aesthetics.
C. Limiting messaging to biomedical explanations.
D. Integrating psychiatric resources into primary public health systems.
E. None of the above

5. The author's conclusion frames psychological well-being as:

A. A universal human right needing accessible, communal infrastructure.
B. An individual responsibility managed through apps.
C. Secondary to physical health.
D. A luxury for rich societies.
E. None of the above

Passage 2. Read the passage and answer questions 6 to 10.

Depending on what and how you communicate with others or conduct yourself, you will either draw people close to you or drive them away from you. The largest content of non-verbal communication is contributed by what is popularly called body language. Depending on what this speaks you would get a red-carpet welcome or rejection. Hence, it is important to know where you stand. It is equally important to know the requirements of different situations, time and place to ensure you are able to take care of your own acceptance. In a tradition-ruled country like India, body conduct has an important relevance in valuing relationships and individuals. If your general disposition is good you will readily emit sparks that make you the centre of happenings. Expression of the eye, good eye contact makes your interlocutor feel you are keen to live life. Sensitive people keep changing their expression and literally swing up or down.

6. According to the passage, a warm social welcome depends mainly on one's

A. body language
B. status
C. dress
D. spoken vocabulary
E. None of the above

7. What is particularly significant in a country like India for being socially accepted, as the passage implies?

A. wealth
B. speaking many languages
C. proper body conduct
D. tradition
E. None of the above

8. Which phrase in the passage means "warm and willing acceptance"?

A. red-carpet welcome
B. draw people
C. emit sparks
D. body conduct
E. None of the above

9. The word "interlocutor" in the passage means

A. a translator
B. a minstrel
C. a teacher
D. a conversational partner
E. None of the above

10. Consider: (i) It is important to know how good or bad one's body language is. (ii) Responding to the time, place and situation helps decide one's acceptance. According to the passage:

A. Both are false
B. (i) is false, (ii) is true
C. (i) is true, (ii) is false
D. Both are true
E. None of the above

SECTION II | 5 MARKS

English Grammar

11. Choose the correct conditional sentence:

A. Were I in your position, I will accept the offer.
B. If I am in your position, I would accept the offer.
C. Were I in your position, I would accept the offer.
D. Was I in your position, I would accept the offer.
E. None of the above

12. Identify the error: “One of my friend has joined the health department.”

A. One of
B. friend
C. has joined
D. the health department
E. None of the above

13. Choose the correct negative transformation: “Only a fool would say that.”

A. Only not a fool would say that.
B. A fool would not say that.
C. Not a fool would say that.
D. None but a fool would say that.
E. None of the above

14. Choose the correct modal: “The form is optional; you _____ fill it in.”

A. need not
B. must not
C. have to
D. should
E. None of the above

15. Choose the correct preposition: “She is fond _____ classical music.”

A. to
B. of
C. for
D. with
E. None of the above

SECTION III | 10 MARKS

General Knowledge / Current Affairs of India and Goa

16. The modified UDAN scheme aims to connect how many new destinations over the next decade?

A. 50
B. 120
C. 75
D. 200
E. None of the above

17. The GOBARdhan scheme (₹23,731 crore, FY27–FY36) aims to raise tenfold the production of:

A. organic manure
B. compressed biogas
C. milk
D. green hydrogen
E. None of the above

18. Who became the first CEO of the Indian Super League under its new club-led model in 2026?

A. Kalyan Chaubey
B. Sunil Chhetri
C. Ranjit Bajaj
D. Karan Yadav
E. None of the above

19. Mayank Chakraborty became India's 94th Grandmaster in 2026 and the first from:

A. North-East India
B. Odisha
C. Jammu and Kashmir
D. Goa
E. None of the above

20. Women's Equality Day is observed on:

A. 13 February
B. 8 March
C. 26 August
D. 24 January
E. None of the above

21. Who was the last Portuguese Governor-General of Goa, who surrendered on 19 December 1961?

A. António de Oliveira Salazar
B. Manuel António Vassalo e Silva
C. Afonso de Albuquerque
D. Paulo Bénard Guedes
E. None of the above

22. The Defence Research and Development Organisation (DRDO) was formed in:

A. 1958
B. 1969
C. 1947
D. 1983
E. None of the above

23. NUCFDC, whose new Mumbai office opened in 2026, is the umbrella organisation for:

A. regional rural banks
B. microfinance institutions
C. farmer producer companies
D. urban co-operative banks
E. None of the above

24. The Nobel Prize in Physiology or Medicine 2026 was awarded for discoveries concerning:

A. CRISPR gene editing
B. microRNA
C. light-gated ion channels and optogenetics
D. mRNA vaccines
E. None of the above

25. The Sardar Sarovar Dam is built on the river:

A. Narmada
B. Tapi
C. Mahi
D. Sabarmati
E. None of the above

SECTION IV | 10 MARKS

Logical Reasoning

26. Find the next number in the series: 1, 1, 2, 3, 5, 8, 13, ?

A. 21
B. 22
C. 23
D. 24
E. None of the above

27. If '+' means multiply, 'x' means subtract, '-' means divide and '/' means add, what is the value of 8 + 6 x 12 - 4 / 5?

A. 46
B. 50
C. 52
D. 56
E. None of the above

28. Konkani is to Goa as Malayalam is to:

A. Karnataka
B. Tamil Nadu
C. Andhra Pradesh
D. Kerala
E. None of the above

29. The words Record, Recount, Receipt, Recall and Recent are arranged as in a dictionary. Which word comes third?

A. Receipt
B. Record
C. Recent
D. Recall
E. None of the above

30. A's mother is the only daughter of B's father. If B is a man, how is B related to A?

A. Father
B. Grandfather
C. Brother
D. Maternal uncle
E. None of the above

31. Town P is 12 km due north of town Q. Town R is 5 km due west of P. What is the shortest distance between Q and R?

A. 7 km
B. 13 km
C. 15 km
D. 17 km
E. None of the above

32. Statement: Should the government ban plastic bags? Arguments: I. Yes, it will significantly reduce pollution and protect marine life. II. No, it will cause job losses in plastic manufacturing and inconvenience consumers.

A. Only I is strong
B. Only II is strong
C. Both I and II are strong
D. Neither is strong
E. None of the above

33. A petroleum product's price rises 25% every odd year and falls 20% every even year. After exactly 8 years the price has

A. risen 15%
B. risen 5%
C. fallen 5%
D. stayed the same
E. None of the above

34. All X are Y. Some Y are Z. No Z is X. Which is true?

A. Some X are Z
B. No X is Z
C. All Y are X
D. Some Z are X
E. None of the above

35. Find the smallest number which leaves remainder 7 when divided by 12, 18, 21 or 30.

A. 427
B. 4277
C. 1067
D. 1267
E. None of the above

SECTION V | 25 MARKS

Core: Organon, Materia Medica and Pharmacy

36. 'Similia similibus curentur' is correctly translated as:

A. Likes are always cured by likes
B. Opposites are cured by opposites
C. The smallest dose cures best
D. Let likes be cured by likes
E. None of the above

37. According to §6, the unprejudiced observer perceives in each individual disease only:

A. the changes in health of body and mind that can be perceived by the senses
B. the hidden internal pathological change
C. the material cause of the disease
D. the name given to the disease in textbooks
E. None of the above

38. In Kent's observations, a quick, short and strong aggravation followed by rapid improvement indicates:

A. a correct remedy and good vitality: the best prognosis
B. an incurable case with tissue destruction
C. a wrong remedy that must be antidoted
D. a superficial, palliative remedy
E. None of the above

39. Hahnemann held psora responsible for what share of all chronic diseases?

A. One-eighth
B. Seven-eighths
C. One-half
D. Three-quarters
E. None of the above

40. Over-growth, warts, infiltration of tissues and aggravation in damp weather are characteristic of:

A. Psora
B. Sycosis
C. Syphilis
D. Tubercular diathesis
E. None of the above

41. According to §150, a trivial ailment of recent origin (an indisposition) should be handled by:

A. a slight change in diet and regimen, usually without medicine
B. an antipsoric remedy in high potency
C. repeated doses of the similimum
D. a nosode of the prevailing miasm
E. None of the above

42. The sixth edition of the Organon was first published, in German, in:

A. 1810
B. 1833
C. 1842
D. 1921
E. None of the above

43. 'The Genius of Homoeopathy: Lectures and Essays on Homoeopathic Philosophy' was written by:

A. J. T. Kent
B. H. A. Roberts
C. Constantine Hering
D. Stuart Close
E. None of the above

44. The first remedy improved the patient; the improvement has stopped and the same symptoms have returned unchanged. The second prescription should usually be:

A. an antidote
B. an inimical remedy
C. a repetition of the same remedy
D. a new remedy chosen from the latest symptoms only
E. None of the above

45. Rheumatic pains that are worse before a thunderstorm are a keynote of:

A. Rhus toxicodendron
B. Rhododendron
C. Bryonia alba
D. Dulcamara
E. None of the above

46. Injuries to the periosteum and tendons, and eyestrain from fine work, call for:

A. Arnica montana
B. Ledum palustre
C. Ruta graveolens
D. Bryonia alba
E. None of the above

47. Jealousy, obscene talk, a desire to uncover and foolish laughter point to:

A. Stramonium
B. Belladonna
C. Opium
D. Hyoscyamus niger
E. None of the above

48. Which remedy is inimical to Rhus toxicodendron?

A. Bryonia alba
B. Arnica montana
C. Apis mellifica
D. Calcarea carbonica
E. None of the above

49. Ill effects of loss of sleep and night watching, with vertigo and nausea from riding in a carriage, call for:

A. Cocculus indicus
B. Ipecacuanha
C. Gelsemium
D. Ignatia amara
E. None of the above

50. Profound melancholy with thoughts of suicide, and bone pains that are worse at night, indicate:

A. Natrum muriaticum
B. Aurum metallicum
C. Ignatia amara
D. Platina
E. None of the above

51. Stitching pains, aggravation between 2 and 4 a.m. and swelling of the upper eyelids are characteristic of:

A. Bryonia alba
B. Arsenicum album
C. Phosphorus
D. Kali carbonicum
E. None of the above

52. Profuse, offensive sweat that brings no relief, aggravation at night, and a moist, flabby, indented tongue with intense thirst point to:

A. Mercurius solubilis
B. Hepar sulphuris
C. Sulphur
D. Arsenicum album
E. None of the above

53. Which of the following is an imponderable?

A. Thyroidinum
B. Psorinum
C. X-ray
D. Calcarea carbonica
E. None of the above

54. Nosodes are prepared from:

A. healthy animal tissues and secretions
B. diseased tissues and disease products
C. sources of energy
D. synthetic chemicals
E. None of the above

55. By Hahnemann's method, how long does the trituration of one centesimal potency take?

A. 10 minutes
B. 20 minutes
C. 1 hour
D. 3 hours
E. None of the above

56. After which trituration did Hahnemann convert a potency into liquid form?

A. 1C
B. 3C
C. 6C
D. 12C
E. None of the above

57. How many succussions are given at each step of the LM (50 millesimal) potency?

A. 2
B. 10
C. 40
D. 100
E. None of the above

58. The first volume of the Homoeopathic Pharmacopoeia of India was published in:

A. 1948
B. 1962
C. 1971
D. 1986
E. None of the above

59. The Drugs and Cosmetics Act, which also governs homoeopathic medicines, was passed in:

A. 1940
B. 1945
C. 1962
D. 1973
E. None of the above

60. Which of the following is NOT a vehicle in homoeopathic pharmacy?

A. Sugar of milk
B. Ethyl alcohol
C. Distilled water
D. Sulphur
E. None of the above

Explanations

English (Comprehension)

1 **B** **Risks overlooking the socio-environmental drivers of distress.**
Detail: 'this narrow focus risks ignoring the socio-environmental factors'. Passage: GPSC pre-screening test (Junior Scale Officer), Jun 2026.

2 **C** **Economic insecurity and the isolation of digital life.**
Detail: listed in the third sentence. Passage: GPSC pre-screening test (Junior Scale Officer), Jun 2026.

3 **A** **Reducing psychiatric care to a superficial, commercialised aesthetic of self-care.**
Detail: the fifth sentence. Passage: GPSC pre-screening test (Junior Scale Officer), Jun 2026.

4 **D** **Integrating psychiatric resources into primary public health systems.**
Detail: the fourth sentence. Passage: GPSC pre-screening test (Junior Scale Officer), Jun 2026.

5 **A** **A universal human right needing accessible, communal infrastructure.**
Main idea: the last sentence. Passage: GPSC pre-screening test (Junior Scale Officer), Jun 2026.

6 **A** **body language**
Detail: 'Depending on what this [body language] speaks you would get a red-carpet welcome or rejection'. Passage: GPSC CBRT (Assistant Public Prosecutor), Jun 2025.

English (Comprehension)

7 **C** **proper body conduct**
Detail: 'In a tradition-ruled country like India, body conduct has an important relevance'. Passage: GPSC CBRT (Assistant Public Prosecutor), Jun 2025.

8 **A** **red-carpet welcome**
Vocabulary from the passage. Passage: GPSC CBRT (Assistant Public Prosecutor), Jun 2025.

9 **D** **a conversational partner**
Vocabulary: the person you are speaking with. Passage: GPSC CBRT (Assistant Public Prosecutor), Jun 2025.

10 **D** **Both are true**
Both are stated: 'know where you stand' and 'know the requirements of different situations, time and place'. Passage: GPSC CBRT (Assistant Public Prosecutor), Jun 2025.

English Grammar

11 **C** **Were I in your position, I would accept the offer.**
'Were I …' is the inverted form of 'If I were …', followed by 'would'. GPSC-style practice item, modelled on the 2026 grammar blocks.

12 **B** **friend**
'One of' takes a plural noun: 'one of my friends'. GPSC-style practice item, modelled on the 2026 grammar blocks.

13 **D** **None but a fool would say that.**
'Only' = 'none but' (keeps the meaning). GPSC-style practice item, modelled on the 2026 grammar blocks.

14 **A** **need not**
'Need not' = no obligation; 'must not' = prohibition. GPSC-style practice item, modelled on the 2026 grammar blocks.

15 **B** **of**
'Fond of'. GPSC-style practice item, modelled on the 2026 grammar blocks.

General Knowledge / Current Affairs of India and Goa

16 **B** **120**
UDAN: Ude Desh ka Aam Nagrik. Aug 2026.

17 **B** **compressed biogas**
Aug 2026.

18 **D** **Karan Yadav**
The ISL is India's top football league. Sep 2026.

19 **A** **North-East India**
Chess.

20 **C** **26 August**
13 February is National Women's Day (Sarojini Naidu's birthday).

General Knowledge / Current Affairs of India and Goa

21 **B** **Manuel António Vassalo e Silva**
Operation Vijay.

22 **A** **1958**
Headquartered in New Delhi.

23 **D** **urban co-operative banks**
National Urban Co-operative Finance and Development Corporation.

24 **C** **light-gated ion channels and optogenetics**
Karl Deisseroth, Peter Hegemann and Georg Nagel. Oct 2026.

25 **A** **Narmada**
In Gujarat.

Logical Reasoning

26 **A** **21**
Each term is the sum of the two before it: 8 + 13 = 21.

27 **B** **50**
After substitution: 8 x 6 - 12 / 4 + 5 = 48 - 3 + 5 = 50.

28 **D** **Kerala**
Konkani is the official language of Goa; Malayalam of Kerala.

29 **C** **Recent**
The order is Recall, Receipt, Recent, Record, Recount.

30 **D** **Maternal uncle**
B's father's only daughter is B's sister. She is A's mother, so B is A's maternal uncle.

31 **B** **13 km**
The two legs are at right angles: the square root of 144 + 25 = 169, which is 13 km.

32 **C** **Both I and II are strong**
Both give a direct, serious consequence of the policy. GPSC CBRT, Jun 2025.

33 **D** **stayed the same**
× 1.25 × 0.8 = × 1 every two years, so after 8 years it is unchanged. GPSC CBRT, Jun 2025.

34 **B** **No X is Z**
'No Z is X' turns round to 'No X is Z'. GPSC CBRT, Feb 2026.

35 **D** **1267**
LCM(12, 18, 21, 30) = 1260; add 7: 1267. GPSC CBRT, Sep 2025.

Core: Organon, Materia Medica and Pharmacy

36 **D** **Let likes be cured by likes**
Hahnemann wrote 'curentur' (subjunctive: let them be cured), a rule for the physician to follow, not 'curantur' (are cured).

Core: Organon, Materia Medica and Pharmacy

37 **A** **the changes in health of body and mind that can be perceived by the senses**
§6: the observer, free from speculation, notices only deviations from the former healthy state, felt by the patient, remarked by those around him and observed by the physician.

38 **A** **a correct remedy and good vitality: the best prognosis**
Kent's third observation: the aggravation is quick, short and strong and is followed by rapid improvement, so the remedy suited and the reaction is vigorous.

39 **B** **Seven-eighths**
In The Chronic Diseases Hahnemann attributes about seven-eighths of chronic diseases to psora, the rest to syphilis and sycosis.

40 **B** **Sycosis**
Sycosis is the miasm of excess and over-production: warts, condylomata, thickening and catarrhal discharges, worse in humid weather.

41 **A** **a slight change in diet and regimen, usually without medicine**
§150: a few trivial symptoms observed only a short time are not a fully developed disease; altering the diet and regimen will usually dispel the indisposition.

42 **D** **1921**
Hahnemann finished the manuscript in 1842, a year before his death; Richard Haehl published it in 1921.

43 **D** **Stuart Close**
Stuart Close (1860-1929) published The Genius of Homoeopathy in 1924.

44 **C** **a repetition of the same remedy**
Kent: when the original symptoms return unchanged after a good effect, the remedy is still indicated and is repeated.

45 **B** **Rhododendron**
Rhododendron: dread of storms, with pains that come on before a thunderstorm and ease once it breaks.

46 **C** **Ruta graveolens**
Ruta: bruised periosteum, strained tendons and flexors, and aching eyes after close work.

47 **D** **Hyoscyamus niger**
Hyoscyamus: jealous, immodest and obscene, with silly laughter and twitching.

48 **C** **Apis mellifica**
Apis and Rhus tox are inimical and should not follow each other. Bryonia is complementary to Rhus tox.

49 **A** **Cocculus indicus**
Cocculus: exhaustion from nursing the sick through the night, and travel sickness with vertigo.

50 **B** **Aurum metallicum**
Aurum met.: deep depression with a longing to die, and syphilitic bone pains worse at night.

Core: Organon, Materia Medica and Pharmacy

51 **D** **Kali carbonicum**
Kali carb.: stitching pains, the 2 to 4 a.m. aggravation, and baggy swelling of the upper lids.

52 **A** **Mercurius solubilis**
Mercurius: worse at night and from the heat of the bed, sweats without relief, and has the moist tongue with thirst.

53 **C** **X-ray**
Imponderabilia are drugs prepared from energy, such as X-ray, magnetism and electricity.

54 **B** **diseased tissues and disease products**
Nosodes come from diseased material, such as Psorinum, Medorrhinum and Tuberculinum. Healthy tissues give sarcodes.

55 **C** **1 hour**
Each potency takes one hour: three periods of 20 minutes, each of 6 minutes' grinding and 4 minutes' scraping, done twice.

56 **B** **3C**
After the third centesimal trituration the substance is soluble and is carried on as a liquid potency.

57 **D** **100**
The 6th edition prescribes 100 strong succussions for each LM step. The 5th edition used 2 for centesimal potencies.

58 **C** **1971**
HPI Volume I appeared in 1971; further volumes followed.

59 **A** **1940**
The Act dates from 1940. The Drugs and Cosmetics Rules followed in 1945.

60 **D** **Sulphur**
Vehicles are neutral carriers with no medicinal action. Sulphur is a medicinal substance.
