GOA PUBLIC SERVICE COMMISSION | COMPUTER BASED RECRUITMENT TEST

Practice Set 9

English (Comprehension), English Grammar, General Knowledge and Current Affairs of India and Goa, Logical Reasoning, and Core. 60 questions, 60 marks, 75 minutes. Answer key and explanations at the end.

What this is. A practice paper in the pattern of the Homoeopathic Physician syllabus (Advt. 06/2026): Comprehension 10, Grammar 5, General Knowledge 10, Logical Reasoning 10 and Core 25. The questions in sections I, II and IV are taken from GPSC CBRT papers of 2023 to 2026, including the medical papers (Medical Officer 2024 and 2025, Pharmacology, Pharmaceutics, Pharmaceutical Chemist, Physiotherapy, Dentist, Ophthalmologist); each explanation names the paper. Section III (GK) is written for a CBRT on 1 November 2026, following the pattern of GPSC's GK papers from 2018 to September 2026: mostly current affairs of August to October 2026, with Goa, important days and some static GK. Where GPSC's printed key was wrong, the corrected answer is given. A few grammar items marked 'GPSC-style practice item' were written to fill the section. The core section is original, set to the ten core topics of the syllabus. In the real paper the core questions come first; here they come last, in syllabus order.

Section	Questions	Marks
English (Comprehension)	1 to 10	10
English Grammar	11 to 15	5
General Knowledge / Current Affairs of India and Goa	16 to 25	10
Logical Reasoning	26 to 35	10
Core: Full syllabus (Topics 1 to 10)	36 to 60	25
Total	**60**	**60**

Each question carries one mark and has five options; option E is always "None of the above", as in the real test. No marks are deducted for a wrong answer. The CBRT for the post of Homoeopathic Physician (Advt. 06 of 2026) is 60 marks in 75 minutes: these four sections plus a 25-mark core section. The qualifying marks are 30 of 60 for General, EWS and ex-servicemen, 27 for OBC, PwD and CFF, and 24 for SC and ST.

SECTION I | 10 MARKS

English (Comprehension)

Passage 1. Read the passage and answer questions 1 to 5.

The rapid expansion of global tourism has turned the industry into a powerful economic engine for developing regions, but its uncontrolled growth risks destroying the fragile ecosystems and local cultures it relies on. Popular destinations frequently suffer from overtourism, where the sudden influx of visitors completely overwhelms local infrastructure, accelerates environmental degradation, and drives up the local cost of living, pushing out native communities. The corporate embrace of "sustainable tourism" or "ecotourism" is often more about clever greenwashing than actual structural reform; many operators use eco-friendly labels as marketing tools while continuing to build destructive high-impact infrastructure in ecologically vulnerable zones. Genuine sustainable tourism requires a radical change in management, moving away from maximizing raw tourist volume toward strict capacity management, localized ownership models, and mandatory ecological taxes. Tourism must be re-engineered as an extractive-free industry where visitors actively support ecosystem restoration and the economic empowerment of indigenous populations, ensuring that travel preserves the planet instead of eroding it.

1. The term "greenwashing" in the passage refers to operators who:

A. Use eco-friendly labels for marketing while continuing destructive practices.
B. Build zero-impact infrastructure.
C. Voluntarily pay ecological taxes.
D. Spend their budget on community ownership.
E. None of the above

2. According to the author, overtourism affects local communities by:

A. Overwhelming infrastructure, harming ecology and inflating the cost of living.
B. Shrinking corporate infrastructure.
C. Ending environmental damage.
D. Raising subsidies to indigenous people.
E. None of the above

3. The author argues that genuine sustainable tourism CANNOT be achieved by:

A. Moving to capacity management.
B. Local ownership of tourism assets.
C. Superficial eco-labels while keeping high-impact infrastructure.
D. Mandatory ecological taxes.
E. None of the above

4. Which management strategy does the text say is necessary for true sustainable tourism?

A. Maximising visitor numbers.
B. Replacing local people with corporate operators.
C. Removing local regulations.
D. Strict capacity limits and local ownership.
E. None of the above

5. The main idea of the passage is that tourism must:

A. Focus only on growth.
B. Shift from an extractive, high-volume model to a regulated, eco-restorative one.
C. Rely on corporate self-regulation.
D. Be shut down completely.
E. None of the above

Passage 2. Read the passage and answer questions 6 to 10.

The rapid expansion of digital technology has given rise to a new category of crime known as cyber crime. Unlike conventional offenses, cyber crimes exploit anonymity, speed, and global connectivity. Activities such as identity theft, financial fraud, and data breaches transcend national borders. This borderless nature complicates investigation and prosecution within traditional legal frameworks. Many individuals lack adequate digital awareness, making them vulnerable to manipulation and deception. Although advanced security technologies exist, cyber criminals constantly adapt their methods. Encryption protects personal privacy but simultaneously shields illegal activities from scrutiny. Law enforcement agencies struggle to keep pace with technological innovation. Consequently, cyber crime represents not only a technical challenge but also a legal and social dilemma requiring international cooperation and public education.

6. Cyber crime differs from traditional crime mainly because it

A. involves physical violence
B. operates beyond territorial boundaries
C. is limited to developed countries
D. depends on heavy machinery
E. None of the above

7. The author mentions anonymity mainly to highlight

A. the ease of committing digital offences
B. government surveillance failure
C. users' privacy rights
D. ethical freedom online
E. None of the above

8. Why does the passage describe encryption as problematic?

A. It slows communication
B. It is expensive
C. It protects criminals along with users
D. It weakens security
E. None of the above

9. According to the passage, users are vulnerable to cyber crime mainly because of

A. poor internet infrastructure
B. excessive online freedom
C. lack of legal protection
D. insufficient digital awareness
E. None of the above

10. The passage suggests that effective control of cyber crime requires

A. technological, legal and educational measures
B. stricter punishment alone
C. banning digital platforms
D. complete surveillance of users
E. None of the above

SECTION II | 5 MARKS

English Grammar

11. Choose the correct sentence:

A. It was the Collector whom approved the plan.
B. It was the Collector which approved the plan.
C. It is the Collector who approve the plan.
D. It was the Collector who approved the plan.
E. None of the above

12. Find the error: “Neither of the two answers are correct.”

A. Neither
B. of the two
C. are
D. correct
E. None of the above

13. Choose the correct transformation of: “He is too proud to apologise.”

A. He is very proud and he apologises.
B. He is proud enough to apologise.
C. He is so proud that he will not apologise.
D. He is so proud that he will apologise.
E. None of the above

14. Choose the correct tense: “By next March, they _____ the new hospital wing.”

A. will have completed
B. will complete
C. completed
D. have completed
E. None of the above

15. Choose the correct phrasal verb: “The meeting was _____ because the Collector was unwell.”

A. called on
B. called off
C. called for
D. called up
E. None of the above

SECTION III | 10 MARKS

General Knowledge / Current Affairs of India and Goa

16. India's first satellite-guided helicopter approach procedure (RNP CAT H) was made operational at:

A. HAL Airport, Bengaluru
B. Juhu Airport, Mumbai
C. Safdarjung Airport, Delhi
D. Begumpet Airport, Hyderabad
E. None of the above

17. PM Surya Sarovar Yojana (2026) targets 5,000 MW of:

A. small hydro
B. floating solar power
C. offshore wind
D. rooftop solar
E. None of the above

18. India played its first-ever men's T20 International against which country in September 2026?

A. Japan
B. Netherlands
C. USA
D. Nepal
E. None of the above

19. Rohit Sharma became the first Indian man to score an ODI century at:

A. Old Trafford
B. Edgbaston
C. The Oval
D. Lord's
E. None of the above

20. Partition Horrors Remembrance Day (Vibhajan Vibhishika Smriti Diwas), observed since 2021, falls on:

A. 14 August
B. 15 August
C. 9 August
D. 16 August
E. None of the above

21. Mohan Ranade, a freedom fighter of Goa, was associated with the:

A. United Goans Party
B. Azad Gomantak Dal
C. National Congress (Goa)
D. Goa Congress Committee
E. None of the above

22. Exercise 'Mitra Shakti' is held between India and:

A. Nepal
B. Sri Lanka
C. Myanmar
D. Bangladesh
E. None of the above

23. 'Param Pragya', inaugurated in 2026, is an AI-enabled supercomputing facility at:

A. C-DAC Pune
B. IIT Kharagpur
C. IIT Delhi (Sonipat campus)
D. IISc Bengaluru
E. None of the above

24. Who won the Nobel Prize in Economic Sciences 2026?

A. Daron Acemoglu and James Robinson
B. Paul Krugman and Joseph Stiglitz
C. Esther Duflo and Abhijit Banerjee
D. Robert E. Hall and Michael Woodford
E. None of the above

25. The Bhakra Nangal Dam is on the river:

A. Beas
B. Ravi
C. Sutlej
D. Chenab
E. None of the above

SECTION IV | 10 MARKS

Logical Reasoning

26. Find the next number in the series: 6, 11, 21, 36, 56, ?

A. 76
B. 81
C. 84
D. 86
E. None of the above

27. ACE is to BDF as GIK is to:

A. HIL
B. IJL
C. HJM
D. HJL
E. None of the above

28. In a certain language 'sun rises east' is written 'pa ko ti', 'east or west' is written 'ti la mu' and 'sun sets west' is written 'pa ru la'. Which word means 'rises'?

A. pa
B. ko
C. ti
D. ru
E. None of the above

29. Find the odd one out.

A. January
B. March
C. July
D. June
E. None of the above

30. M is the father of N. N is the sister of O. O is the husband of P. How is P related to M?

A. Daughter-in-law
B. Daughter
C. Sister-in-law
D. Niece
E. None of the above

31. A man is facing north. He turns right and walks 20 m, turns right again and walks 20 m, then turns left and walks 10 m. Which direction is he facing now?

A. East
B. North
C. South
D. West
E. None of the above

32. A shoe showroom earns 25% profit after a 25% discount. What would the profit be with only a 10% discount?

A. 30%
B. 40%
C. 50%
D. 60%
E. None of the above

33. Raju's age is 3 more than four times Balu's. In five years Raju will be 1 more than three times Balu's age. What is Raju's present age?

A. 8
B. 13
C. 32
D. 35
E. None of the above

34. Statement: "The recent increase in crime is primarily due to a lack of adequate policing." Conclusions: 1. The government needs more police officers. 2. Crime is directly correlated with the number of police officers.

A. Only 1 is valid
B. Only 2 is valid
C. Both are valid
D. Neither is valid
E. None of the above

35. Choose the pair that best represents a similar relationship: FISH : SHOAL

A. wolf : pack
B. elephant : jungle
C. beagle : clan
D. herd : peacock
E. None of the above

SECTION V | 25 MARKS

Core: Full syllabus (Topics 1 to 10)

36. Hahnemann's experiment of 1790, which led him to the law of similars, was made with:

A. Belladonna
B. Aconite
C. Arsenic
D. Cinchona bark
E. None of the above

37. According to §9, in the healthy condition the material organism is governed by:

A. the four humours
B. the spirit-like vital force (dynamis)
C. the nervous system alone
D. the blood
E. None of the above

38. In Kent's evaluation of mental symptoms, which group ranks highest?

A. Symptoms of the will (loves, hates, emotions)
B. Symptoms of the understanding
C. Symptoms of the memory
D. Dreams
E. None of the above

39. Which miasm has the itch eruption as its primary manifestation?

A. Sycosis
B. Syphilis
C. Psora
D. Tubercular
E. None of the above

40. A patient who feels his body is enormously enlarged and time passes too slowly, with exaltation and uncontrollable laughter, needs:

A. Cannabis indica
B. Hyoscyamus
C. Stramonium
D. Belladonna
E. None of the above

41. Homesickness with red cheeks, burning pains like pepper and chilliness in fat, flabby people suggests:

A. Ignatia
B. Phosphoric acid
C. Pulsatilla
D. Capsicum
E. None of the above

42. Right-sided headache beginning in the occiput, settling over the right eye, rising and falling with the sun, suggests:

A. Sanguinaria
B. Spigelia
C. Natrum mur
D. Belladonna
E. None of the above

43. Sleeplessness from excessive joy or pleasant surprise, with an over-active mind full of ideas, calls for:

A. Opium
B. Ignatia
C. Coffea cruda
D. Nux vomica
E. None of the above

44. The remedy Lachesis is prepared from:

A. the ink of the cuttlefish
B. the venom of the bushmaster snake
C. a spider
D. a plant alkaloid
E. None of the above

45. On a prescription, the 'inscription' is the part that gives:

A. the patient's name
B. directions to the patient
C. the name and quantity of the medicine
D. the prescriber's signature
E. None of the above

46. Boenninghausen's Therapeutic Pocket Book was edited in English in 1891 by:

A. J. T. Kent
B. T. F. Allen
C. C. M. Boger
D. W. Boericke
E. None of the above

47. In Kent's Repertory, a desire for salt is found in the chapter:

A. Mind
B. Stomach
C. Generalities
D. Mouth
E. None of the above

48. Erb's palsy, with the arm in the 'waiter's tip' position, results from injury to:

A. the lower trunk (C8–T1)
B. the upper trunk of the brachial plexus (C5–C6)
C. the radial nerve
D. the median nerve
E. None of the above

49. Wernicke's area, damage to which causes fluent (receptive) aphasia, lies in the:

A. inferior frontal gyrus
B. precentral gyrus
C. occipital lobe
D. superior temporal gyrus
E. None of the above

50. Reed–Sternberg cells are characteristic of:

A. Burkitt lymphoma
B. multiple myeloma
C. Hodgkin lymphoma
D. chronic lymphatic leukaemia
E. None of the above

51. A 'rat-tail' appearance on barium swallow is seen in (GPSC Medical Officer, 2025):

A. carcinoma oesophagus
B. achalasia cardia
C. reflux oesophagitis
D. hiatus hernia
E. None of the above

52. The investigation of choice for acute subarachnoid haemorrhage is (GPSC Medical Officer, 2025):

A. non-contrast CT scan
B. MRI
C. cerebral angiography
D. lumbar puncture first
E. None of the above

53. Which statement about diabetes is FALSE (GPSC Medical Officer, 2025)?

A. Acromegaly and Cushing's syndrome can cause diabetes
B. Most type 2 diabetics die of cardiovascular disease
C. Type 2 diabetics are more prone to ketoacidosis than type 1
D. Fasting glucose above 126 mg/dL establishes diabetes
E. None of the above

54. COPD is confirmed on spirometry by a post-bronchodilator FEV1/FVC ratio of less than:

A. 0.90
B. 0.50
C. 0.30
D. 0.70
E. None of the above

55. The 'bagel sign' on ultrasound is seen in (GPSC Medical Officer, 2024):

A. molar pregnancy
B. incomplete abortion
C. ectopic pregnancy
D. twin pregnancy
E. None of the above

56. The first visible sign of puberty in girls is (GPSC Medical Officer, 2025):

A. menarche
B. pubarche
C. growth spurt
D. thelarche (breast budding)
E. None of the above

57. The first step in managing a trauma victim is (GPSC Medical Officer, 2025):

A. blood transfusion
B. securing the airway (with cervical spine protection)
C. IV fluids
D. reconstruction
E. None of the above

58. A whitish membrane on the tonsils that bleeds when scraped off suggests (GPSC Medical Officer, 2025):

A. diphtheritic tonsillitis
B. acute membranous tonsillitis
C. candidiasis
D. infectious mononucleosis
E. None of the above

59. According to the demographic cycle, India is in (GPSC Medical Officer, 2025):

A. stage 1
B. stage 2
C. stage 5
D. stage 3 (late expanding)
E. None of the above

60. Cadaveric spasm differs from rigor mortis because it:

A. develops 2 hours after death
B. affects only the heart
C. occurs instantly at death and preserves the last act, such as grip on a weapon
D. disappears before rigor mortis
E. None of the above

Explanations

English (Comprehension)

1 **A** **Use eco-friendly labels for marketing while continuing destructive practices.**
Vocabulary in context: explained in the same sentence. Passage: GPSC pre-screening test (Junior Scale Officer), Jun 2026.

2 **A** **Overwhelming infrastructure, harming ecology and inflating the cost of living.**
Detail: the second sentence. Passage: GPSC pre-screening test (Junior Scale Officer), Jun 2026.

3 **C** **Superficial eco-labels while keeping high-impact infrastructure.**
Inference: greenwashing is 'not actual structural reform'. Passage: GPSC pre-screening test (Junior Scale Officer), Jun 2026.

4 **D** **Strict capacity limits and local ownership.**
Detail: the fourth sentence. Passage: GPSC pre-screening test (Junior Scale Officer), Jun 2026.

5 **B** **Shift from an extractive, high-volume model to a regulated, eco-restorative one.**
Main idea: avoid the extreme options (shut down / only growth). Passage: GPSC pre-screening test (Junior Scale Officer), Jun 2026.

6 **B** **operates beyond territorial boundaries**
Detail: such crimes 'transcend national borders'. Passage: GPSC CBRT (Assistant Professor in Pharmaceutics), Jan 2026.

English (Comprehension)

7 **A** **the ease of committing digital offences**
Inference: anonymity is something cyber crimes 'exploit'. Passage: GPSC CBRT (Assistant Professor in Pharmaceutics), Jan 2026.

8 **C** **It protects criminals along with users**
Detail: it 'protects personal privacy but simultaneously shields illegal activities'. Passage: GPSC CBRT (Assistant Professor in Pharmaceutics), Jan 2026.

9 **D** **insufficient digital awareness**
Detail: the fifth sentence. Passage: GPSC CBRT (Assistant Professor in Pharmaceutics), Jan 2026.

10 **A** **technological, legal and educational measures**
Main idea: 'not only a technical challenge but also a legal and social dilemma'. Words like 'alone' and 'complete' mark wrong options. Passage: GPSC CBRT (Assistant Professor in Pharmaceutics), Jan 2026.

English Grammar

11 **D** **It was the Collector who approved the plan.**
Cleft sentence: It was + person + who + verb. GPSC-style practice item, modelled on the 2026 grammar blocks.

12 **C** **are**
'Neither of' takes a singular verb: 'is correct'. GPSC-style practice item, modelled on the 2026 grammar blocks.

13 **C** **He is so proud that he will not apologise.**
too … to = so … that … not. GPSC-style practice item, modelled on the 2026 grammar blocks.

14 **A** **will have completed**
An action finished before a future time: future perfect. GPSC-style practice item, modelled on the 2026 grammar blocks.

15 **B** **called off**
Call off = cancel. GPSC-style practice item, modelled on the 2026 grammar blocks.

General Knowledge / Current Affairs of India and Goa

16 **A** **HAL Airport, Bengaluru**
Aug 2026.

17 **B** **floating solar power**
With 10,000 MWh of storage. Aug 2026.

18 **A** **Japan**
Sep 2026.

19 **D** **Lord's**
2026.

General Knowledge / Current Affairs of India and Goa

20 **A** **14 August**
Aug 2026.

21 **B** **Azad Gomantak Dal**
He was imprisoned in Portugal until 1969.

22 **B** **Sri Lanka**
Static: exercises and partners.

23 **C** **IIT Delhi (Sonipat campus)**
Aug 2026.

24 **D** **Robert E. Hall and Michael Woodford**
For the microeconomic foundations of macroeconomic stabilisation. Oct 2026.

25 **C** **Sutlej**
Gobind Sagar is its reservoir.

Logical Reasoning

26 **B** **81**
The differences are 5, 10, 15, 20, then 25: 56 + 25 = 81.

27 **D** **HJL**
Each letter moves one place forward: G-H, I-J, K-L.

28 **B** **ko**
'pa' is sun (first and third phrases) and 'ti' is east (first and second), so the remaining word 'ko' is rises.

29 **D** **June**
January, March and July have 31 days. June has 30.

30 **A** **Daughter-in-law**
O is M's son and P is O's wife, so P is M's daughter-in-law.

31 **A** **East**
North, then right to east, right to south, and left back to east.

32 **C** **50%**
Marked 100 → sells 75 = 1.25 × cost → cost 60. At 90: profit 30 on 60 = 50%. GPSC CBRT, Jun 2025.

33 **D** **35**
4B + 8 = 3(B + 5) + 1, so B = 8 and R = 35. GPSC CBRT, Jun 2025.

34 **A** **Only 1 is valid**
If policing is inadequate, more officers follows; a direct numerical correlation goes beyond the statement. GPSC CBRT, Mar 2025.

35 **A** **wolf : pack**
A shoal is a group of fish; a pack is a group of wolves. GPSC CBRT, Sep 2025.

Core: Full syllabus (Topics 1 to 10)

36 **D** **Cinchona bark**
Topic 1, Organon and Philosophy. While translating Cullen's Materia Medica in 1790 he took cinchona himself and developed symptoms like intermittent fever.

37 **B** **the spirit-like vital force (dynamis)**
Topic 1, Organon and Philosophy. §9: in health the spirit-like vital force (dynamis) rules with unbounded sway and keeps all parts in harmonious operation.

38 **A** **Symptoms of the will (loves, hates, emotions)**
Topic 1, Organon and Philosophy. Kent ranks mental symptoms in the order will, understanding, memory.

39 **C** **Psora**
Topic 1, Organon and Philosophy. Psora is the chronic miasm whose primary outward sign is the itch (scabies-like) eruption.

40 **A** **Cannabis indica**
Topic 2, Materia Medica. Cannabis indica: errors of time and space, exaltation.

41 **D** **Capsicum**
Topic 2, Materia Medica. Capsicum: nostalgia with red face; burning like cayenne.

42 **A** **Sanguinaria**
Topic 2, Materia Medica. Sanguinaria is right-sided; Spigelia is left-sided.

43 **C** **Coffea cruda**
Topic 2, Materia Medica. Coffea: over-excitement of the mind and senses.

44 **B** **the venom of the bushmaster snake**
Topic 3, Pharmacy. Lachesis muta, the South American bushmaster.

45 **C** **the name and quantity of the medicine**
Topic 3, Pharmacy. Superscription (Rx), inscription, subscription (directions to the pharmacist) and signatura (directions to the patient).

46 **B** **T. F. Allen**
Topic 4, Repertory. Timothy F. Allen's edition is the one in common use.

47 **B** **Stomach**
Topic 4, Repertory. Food desires and aversions are rubrics under Stomach in Kent.

48 **B** **the upper trunk of the brachial plexus (C5–C6)**
Topic 5, Anatomy and Physiology. Klumpke's palsy is the lower trunk (C8–T1).

49 **D** **superior temporal gyrus**
Topic 5, Anatomy and Physiology. Broca's area (motor aphasia) is in the inferior frontal gyrus.

50 **C** **Hodgkin lymphoma**
Topic 6, Pathology, Microbiology and Diagnostics. Large binucleate 'owl's eye' cells, CD15 and CD30 positive.

Core: Full syllabus (Topics 1 to 10)

51 **A** **carcinoma oesophagus**
Topic 6, Pathology, Microbiology and Diagnostics. Achalasia gives the bird's-beak appearance.

52 **A** **non-contrast CT scan**
Topic 7, Practice of Medicine. Lumbar puncture for xanthochromia only if CT is negative.

53 **C** **Type 2 diabetics are more prone to ketoacidosis than type 1**
Topic 7, Practice of Medicine. Type 1 diabetes is the ketosis-prone form.

54 **D** **0.70**
Topic 7, Practice of Medicine. GOLD criterion; the obstruction is not fully reversible.

55 **C** **ectopic pregnancy**
Topic 8, Obstetrics, Gynaecology and Paediatrics. Tubal ring sign; a molar pregnancy gives a snowstorm appearance.

56 **D** **thelarche (breast budding)**
Topic 8, Obstetrics, Gynaecology and Paediatrics. Thelarche usually comes first; menarche comes about 2 years later.

57 **B** **securing the airway (with cervical spine protection)**
Topic 9, Surgery, ENT, Eye and First Aid. ABC: airway first.

58 **A** **diphtheritic tonsillitis**
Topic 9, Surgery, ENT, Eye and First Aid. The diphtheria pseudomembrane is adherent and bleeds on removal.

59 **D** **stage 3 (late expanding)**
Topic 10, Community and Forensic Medicine, Ethics. Birth rate falling, death rate low.

60 **C** **occurs instantly at death and preserves the last act, such as grip on a weapon**
Topic 10, Community and Forensic Medicine, Ethics. Medicolegally important in suicide, drowning and so on.
