GOA PUBLIC SERVICE COMMISSION | COMPUTER BASED RECRUITMENT TEST

Practice Set 1

English (Comprehension), English Grammar, General Knowledge and Current Affairs of India and Goa, Logical Reasoning, and Core. 60 questions, 60 marks, 75 minutes. Answer key and explanations at the end.

What this is. A practice paper in the pattern of the Homoeopathic Physician syllabus (Advt. 06/2026): Comprehension 10, Grammar 5, General Knowledge 10, Logical Reasoning 10 and Core 25. The questions in sections I, II and IV are taken from GPSC CBRT papers of 2023 to 2026, including the medical papers (Medical Officer 2024 and 2025, Pharmacology, Pharmaceutics, Pharmaceutical Chemist, Physiotherapy, Dentist, Ophthalmologist); each explanation names the paper. Section III (GK) is written for a CBRT on 1 November 2026, following the pattern of GPSC's GK papers from 2018 to September 2026: mostly current affairs of August to October 2026, with Goa, important days and some static GK. Where GPSC's printed key was wrong, the corrected answer is given. A few grammar items marked 'GPSC-style practice item' were written to fill the section. The core section is original, set to the ten core topics of the syllabus. In the real paper the core questions come first; here they come last, in syllabus order.

Section	Questions	Marks
English (Comprehension)	1 to 10	10
English Grammar	11 to 15	5
General Knowledge / Current Affairs of India and Goa	16 to 25	10
Logical Reasoning	26 to 35	10
Core: Repertory and Repertorisation	36 to 60	25
Total	**60**	**60**

Each question carries one mark and has five options; option E is always "None of the above", as in the real test. No marks are deducted for a wrong answer. The CBRT for the post of Homoeopathic Physician (Advt. 06 of 2026) is 60 marks in 75 minutes: these four sections plus a 25-mark core section. The qualifying marks are 30 of 60 for General, EWS and ex-servicemen, 27 for OBC, PwD and CFF, and 24 for SC and ST.

SECTION I | 10 MARKS

English (Comprehension)

Passage 1. Read the passage and answer questions 1 to 5.

India’s New Education Policy (NEP) aims to overhaul the country’s educational landscape by promoting holistic, multidisciplinary learning and flexible curricula. It emphasizes critical thinking, creativity, and experiential learning rather than rote memorization. Early childhood education, foundational literacy, and numeracy are prioritized to bridge gaps in access and quality. Higher education is encouraged to integrate vocational training, research, and digital literacy, enabling students to adapt to evolving global demands. However, implementing NEP faces challenges, including teacher training, infrastructural limitations, and socio-economic disparities. Policy success depends on coordination between central and state authorities, community participation, and sustained investment. While the NEP presents a visionary framework, its practical outcomes will hinge on effective execution, monitoring, and adaptability to local contexts, reflecting the tension between ambitious reform and on-ground realities.

1. The passage primarily presents the NEP as

A. a minor adjustment to existing curricula
B. a transformative framework aiming for holistic education
C. a temporary educational experiment
D. a policy focused only on higher education
E. None of the above

2. What aspect of education does the NEP prioritize in early childhood?

A. Foundational literacy and numeracy
B. Technology integration
C. Standardized testing
D. Vocational training
E. None of the above

3. Which challenge is NOT explicitly mentioned in the passage regarding NEP implementation?

A. Student resistance to technology
B. Teacher training
C. Socio-economic disparities
D. Infrastructural limitations
E. None of the above

4. The NEP’s approach to higher education emphasizes

A. rote learning and examinations
B. reducing access to global standards
C. vocational training, research, and digital literacy
D. exclusive focus on theoretical knowledge
E. None of the above

5. The author’s overall perspective on NEP can best be described as

A. indifferent to educational outcomes
B. skeptical and dismissive
C. entirely critical of reforms
D. cautiously optimistic with practical concerns
E. None of the above

Passage 2. Read the passage and answer questions 6 to 10.

The impact of climate change on agricultural productivity has ushered in complex socio-economic repercussions, particularly for developing nations. Shifts in temperature and precipitation patterns disturb traditional cropping calendars, reduce yields, and exacerbate vulnerabilities of small-scale farmers. Moreover, these disruptions ripple through food supply chains, affecting availability and affordability. While technological interventions such as drought-resistant crops and precision farming hold promise, their accessibility remains uneven. Policy frameworks that integrate climate resilience into rural development, promote knowledge dissemination, and provide financial safety nets are vital. Further, community-led adaptation initiatives leveraging indigenous knowledge demonstrate localized success. Yet, the collective challenge persists: adapting farming practices swiftly and equitably to safeguard food security amid escalating climatic threats remains a formidable hurdle.

6. What is one direct agricultural effect of climate change mentioned?

A. Mechanization of farms
B. Increased export opportunities
C. Rural electrification
D. Disturbance of cropping calendars
E. None of the above

7. How do these agricultural effects impact society beyond farmers?

A. By reducing pollution
B. By increasing leisure time
C. By causing food availability and affordability issues
D. By promoting urbanization
E. None of the above

8. What limits the promise of technological interventions?

A. Farmer resistance
B. Unequal accessibility
C. Lack of scientific research
D. International law
E. None of the above

9. Which policy approach is emphasized as vital?

A. Integrating climate resilience into rural development
B. Focusing only on urban areas
C. Eliminating small-scale farms
D. Removing subsidies
E. None of the above

10. What overall challenge does the passage identify?

A. Adapting farming swiftly and equitably to protect food security
B. Mechanizing agriculture rapidly
C. Expanding urban farming exclusively
D. Reducing food exports
E. None of the above

SECTION II | 5 MARKS

English Grammar

11. Choose the correct inverted structure:

A. No sooner had the bell rung than the students rushed out.
B. No sooner the bell had rung than the students rushed out.
C. No sooner did the bell rang than the students rushed out.
D. No sooner had the bell rung when the students rushed out.
E. None of the above

12. Identify the error: “Each of the nurses have been given a new uniform.”

A. Each
B. nurses
C. have
D. new
E. None of the above

13. Choose the correct passive construction: “They say that he is honest.”

A. It is said him to be honest.
B. He was said to be honest.
C. He is said being honest.
D. He is said to be honest.
E. None of the above

14. Choose the correct tense: “By the time the ambulance arrived, the patient _____ consciousness.”

A. lost
B. has lost
C. had lost
D. was losing
E. None of the above

15. Identify the clause type: “What the doctor said surprised everyone.”

A. Noun clause
B. Adjective clause
C. Adverb clause
D. Principal clause
E. None of the above

SECTION III | 10 MARKS

General Knowledge / Current Affairs of India and Goa

16. In August 2026 the Lok Sabha passed a bill to change Kerala's name to:

A. Keralanadu
B. Kerala Pradesh
C. Malanad
D. Keralam
E. None of the above

17. 'Operation Trishul', in news in 2026, is associated with:

A. anti-Naxal operations
B. bringing back fugitives from abroad
C. flood rescue
D. anti-drone defence
E. None of the above

18. The power to grant pardons is given to the President under Article 72 and to the Governor under Article:

A. 161
B. 213
C. 163
D. 153
E. None of the above

19. At the 2026 Asian Games, Vithya Ramraj broke the national 400-m hurdles record held by:

A. Shiny Wilson
B. P. T. Usha
C. Ashwini Akkunji
D. Hima Das
E. None of the above

20. Haryana was carved out of Punjab on:

A. 1 November 1956
B. 1 May 1960
C. 1 November 1966
D. 26 January 1950
E. None of the above

21. After Kushavati district was created, how many talukas does Goa have in all?

A. 14
B. 11
C. 12
D. 10
E. None of the above

22. DRDO flight-tested an indigenous Autonomous Flying Wing Technology Demonstrator in October 2026 at:

A. Chitradurga, Karnataka
B. Jodhpur, Rajasthan
C. Chandipur, Odisha
D. Hisar, Haryana
E. None of the above

23. India's rank in the Global Innovation Index 2026, published by WIPO, was:

A. 48th
B. 20th
C. 40th
D. 38th
E. None of the above

24. India's nuclear power capacity target for 2047 is:

A. 500 GW
B. 100 GW
C. 50 GW
D. 22 GW
E. None of the above

25. According to the Kroll Celebrity Brand Valuation report (2026), India's most valuable celebrity was:

A. Shah Rukh Khan
B. Virat Kohli
C. Akshay Kumar
D. Ranveer Singh
E. None of the above

SECTION IV | 10 MARKS

Logical Reasoning

26. Find the next number in the series: 7, 10, 16, 28, 52, ?

A. 76
B. 96
C. 100
D. 104
E. None of the above

27. If MARGAO is written as NBSHBP in a certain code, how is PANAJI written in that code?

A. QBOBKJ
B. QBOBJK
C. OZMZIH
D. QCOBKJ
E. None of the above

28. D and E are a married couple, and D is the husband. A and B are their children. A is B's brother, and B is the mother of C. How is C related to E?

A. Grandson
B. Granddaughter
C. Niece
D. Grandchild
E. None of the above

29. Ramesh walks 9 km towards the north, turns right and walks 12 km. How far is he from his starting point in a straight line?

A. 21 km
B. 15 km
C. 13 km
D. 3 km
E. None of the above

30. Statements: All files are records. Some records are confidential documents. Conclusions: I. Some files are confidential documents. II. Some confidential documents are records.

A. Only conclusion I follows
B. Only conclusion II follows
C. Both conclusions follow
D. Neither conclusion follows
E. None of the above

31. Five officers P, Q, R, S and T sit in a row facing north. R sits exactly in the middle. P sits to the immediate left of R. T does not sit at either end. Q does not sit next to P. Who sits at the extreme right end?

A. S
B. T
C. Q
D. P
E. None of the above

32. X, Y and Z start a firm with ₹90,000, ₹1,20,000 and ₹1,50,000. X, the managing partner, gets an allowance of ₹4,000 a month. Z's share of the divisible profit is guaranteed to be at least ₹1,15,000, any shortfall being borne by Y alone. If the annual profit before X's allowance is ₹2,88,000, what does Y finally receive?

A. ₹60,000
B. ₹65,000
C. ₹75,000
D. ₹80,000
E. None of the above

33. Two trains P and Q start at the same time from X and Y towards each other. After meeting, P takes 4 hours to reach Y and Q takes 9 hours to reach X. If P runs at 72 km/h, what is the distance XY?

A. 600 km
B. 720 km
C. 840 km
D. 900 km
E. None of the above

34. P provides premises (₹6,00,000); Q and R put in ₹3,00,000 and ₹5,00,000 cash. P gets rent of ₹5,000 a month; Q and R get 10% interest on capital; the rest is shared 3 : 2 : 5. If Q's total earning is ₹70,000, what was the gross profit?

A. ₹3,40,000
B. ₹3,20,000
C. ₹3,80,000
D. ₹2,90,000
E. None of the above

35. Sequence: 5, 30, 210, 1680, 15120, ?

A. 1,36,080
B. 1,41,120
C. 1,51,200
D. 1,66,320
E. None of the above

SECTION V | 25 MARKS

Core: Repertory and Repertorisation

36. Boenninghausen's first repertory, published in 1832, dealt with:

A. Non-antipsoric medicines
B. Nosodes only
C. Antipsoric medicines
D. Clinical conditions
E. None of the above

37. Boenninghausen's Therapeutic Pocket Book (1846) is divided into how many sections?

A. 5
B. 7
C. 9
D. 37
E. None of the above

38. The last section of Boenninghausen's Therapeutic Pocket Book deals with:

A. Fever
B. Modalities
C. Concordance (relationship of remedies)
D. Sleep and dreams
E. None of the above

39. Boenninghausen's concept of the 'complete symptom' includes location, sensation, modality and:

A. Concomitant
B. Pathology
C. Miasm
D. Constitution
E. None of the above

40. The philosophical basis of Boenninghausen's Therapeutic Pocket Book is:

A. Generals before particulars, by Kentian deduction
B. Keynote prescribing
C. Pathological prescribing
D. Grand generalisation of particulars
E. None of the above

41. Kent's Repertory was first published in:

A. 1832
B. 1846
C. 1897
D. 1935
E. None of the above

42. In Kent's Repertory, remedies of the highest grade are printed in:

A. Bold capitals
B. Plain roman type
C. Italics
D. Underlined small type
E. None of the above

43. The first and last chapters of Kent's Repertory are:

A. Head and Skin
B. Vertigo and Fever
C. Mind and Generalities
D. Mind and Skin
E. None of the above

44. Kent's Repertory is arranged on the principle of:

A. Particular to general
B. Alphabetical order of remedies
C. Clinical diagnosis
D. General to particular
E. None of the above

45. In Kent's Repertory, Chill, Fever and Perspiration are:

A. one chapter
B. sub-rubrics under Generalities
C. three separate chapters
D. not included
E. None of the above

46. 'Boger-Boenninghausen's Characteristics and Repertory' was compiled by:

A. J. T. Kent
B. T. F. Allen
C. Margaret Tyler
D. C. M. Boger
E. None of the above

47. The first card repertory, 'Boenninghausen's Slips', was introduced by:

A. Jugal Kishore
B. W. J. Guernsey
C. Margaret Tyler
D. C. M. Boger
E. None of the above

48. Kishore's Card Repertory is an example of:

A. a general repertory
B. a regional repertory
C. a mechanically aided (card) repertory
D. a clinical repertory only
E. None of the above

49. Bell's 'Homoeopathic Therapeutics of Diarrhoea' is classified as a:

A. Particular (regional/purposive) repertory
B. General repertory
C. Card repertory
D. Concordance repertory
E. None of the above

50. Gentry's 'Concordance Repertory' is arranged on the pattern of:

A. anatomical schema
B. a Bible concordance, by key words
C. miasms
D. Kent's chapters
E. None of the above

51. 'Synthesis' is a modern repertory edited by:

A. Roger van Zandvoort
B. R. P. Patel
C. S. R. Phatak
D. Frederik Schroyens
E. None of the above

52. RADAR, the homoeopathic software, was developed in:

A. Belgium (Archibel)
B. India
C. the USA
D. Germany
E. None of the above

53. Phatak's 'Concise Repertory of Homoeopathic Medicines' is arranged:

A. anatomically, Mind to Generalities
B. by miasm
C. by remedy
D. alphabetically
E. None of the above

54. In Kentian repertorisation, the highest value is given to:

A. particulars
B. mental generals
C. pathological symptoms
D. common symptoms
E. None of the above

55. Among the mental generals, Kent placed first the symptoms of:

A. memory
B. the will (loves and hates)
C. intellect
D. sleep
E. None of the above

56. Converting a patient's symptom into the language of the repertory is called:

A. Rubric conversion
B. Proving
C. Potentisation
D. Case analysis
E. None of the above

57. In the elimination method of repertorisation, the eliminating rubric should be:

A. a common particular
B. a characteristic general symptom with adequate remedies
C. any pathognomonic symptom
D. the patient's diagnosis
E. None of the above

58. Knerr's Repertory is an index to:

A. Allen's Encyclopedia
B. Kent's Lectures
C. Hering's Guiding Symptoms
D. Boericke's Materia Medica
E. None of the above

59. Boenninghausen grades remedies in the Therapeutic Pocket Book on a scale of:

A. three grades
B. four grades
C. five grades
D. seven grades
E. None of the above

60. A repertory compiled with clinical (disease) rubrics, such as Boericke's repertory, is called a:

A. Puritan repertory
B. Concordance
C. Card repertory
D. Clinical repertory
E. None of the above

Explanations

English (Comprehension)

1 **B** **a transformative framework aiming for holistic education**
Main idea: it 'aims to overhaul' education through holistic, multidisciplinary learning. Passage: GPSC CBRT (Junior Scale Officer), Sep 2026.

2 **A** **Foundational literacy and numeracy**
Detail: 'foundational literacy, and numeracy are prioritized'. Passage: GPSC CBRT (Junior Scale Officer), Sep 2026.

3 **A** **Student resistance to technology**
NOT question: the other three are listed; student resistance is never mentioned. Passage: GPSC CBRT (Junior Scale Officer), Sep 2026.

4 **C** **vocational training, research, and digital literacy**
Detail: stated in the fourth sentence. Passage: GPSC CBRT (Junior Scale Officer), Sep 2026.

5 **D** **cautiously optimistic with practical concerns**
Tone: 'visionary framework' (optimistic) but outcomes 'hinge on effective execution' (concern). Passage: GPSC CBRT (Junior Scale Officer), Sep 2026.

6 **D** **Disturbance of cropping calendars**
Detail: shifts in temperature and rain 'disturb traditional cropping calendars'. Passage: GPSC CBRT (Scientific Assistant cum Photographer), Sep 2025.

English (Comprehension)

7	**C**	**By causing food availability and affordability issues** Detail: the disruptions 'ripple through food supply chains, affecting availability and affordability'. Passage: GPSC CBRT (Scientific Assistant cum Photographer), Sep 2025.
8	**B**	**Unequal accessibility** Detail: 'their accessibility remains uneven'. Passage: GPSC CBRT (Scientific Assistant cum Photographer), Sep 2025.
9	**A**	**Integrating climate resilience into rural development** Detail: such policy frameworks 'are vital'. Passage: GPSC CBRT (Scientific Assistant cum Photographer), Sep 2025.
10	**A**	**Adapting farming swiftly and equitably to protect food security** Main idea: stated in the last sentence. Passage: GPSC CBRT (Scientific Assistant cum Photographer), Sep 2025.

English Grammar

11	**A**	**No sooner had the bell rung than the students rushed out.** 'No sooner' takes inversion (had + subject + past participle) and pairs with 'than'. GPSC-style practice item, modelled on the 2026 grammar blocks.
12	**C**	**have** 'Each of' takes a singular verb: 'has been given'. GPSC-style practice item, modelled on the 2026 grammar blocks.
13	**D**	**He is said to be honest.** Report-verb passive: subject + is said + to-infinitive. GPSC-style practice item, modelled on the 2026 grammar blocks.
14	**C**	**had lost** An earlier past action before another past action takes the past perfect. GPSC-style practice item, modelled on the 2026 grammar blocks.
15	**A**	**Noun clause** The clause is the subject of 'surprised', so it is a noun clause. GPSC-style practice item, modelled on the 2026 grammar blocks.

General Knowledge / Current Affairs of India and Goa

16	**D**	**Keralam** Kerala Alteration of Name Bill, 2026. A state's name is changed by a Parliament law under Article 3. Aug 2026.
17	**B**	**bringing back fugitives from abroad** 274 fugitives returned from 36 countries between 2019 and August 2026.
18	**A**	**161** Static polity.
19	**B**	**P. T. Usha** She also anchored the women's 4x400-m relay to gold.

General Knowledge / Current Affairs of India and Goa

20	**C**	**1 November 1966** Karnataka, Kerala, Andhra Pradesh and Madhya Pradesh also mark 1 November (1956) as formation day.
21	**C**	**12** North Goa 6, South Goa 2, Kushavati 4.
22	**A**	**Chitradurga, Karnataka** Aeronautical Test Range, Chitradurga.
23	**D**	**38th** Switzerland stayed first. Oct 2026.
24	**B**	**100 GW** Announced on Independence Day 2026.
25	**A**	**Shah Rukh Khan** Alia Bhatt topped the women's list. Aug 2026.

Logical Reasoning

26	**C**	**100** The differences double each time: 3, 6, 12, 24, then 48. So 52 + 48 = 100.
27	**A**	**QBOBKJ** Each letter moves one place forward: P-Q, A-B, N-O, A-B, J-K, I-J.
28	**D**	**Grandchild** E is the mother of B, and B is the mother of C, so C is E's grandchild. Nothing in the statement tells us whether C is male or female.
29	**B**	**15 km** The two legs are at right angles, so the distance is the hypotenuse: the square root of 81 + 144 = 225, which is 15 km.
30	**B**	**Only conclusion II follows** II is the second statement turned around, so it follows. I does not: the confidential records need not be files.
31	**C**	**Q** R is third and P second. T is not at an end, so T is fourth. Q cannot sit next to P, so Q is fifth and S is first. The order is S, P, R, T, Q.
32	**B**	**₹65,000** Allowance 48,000; divisible 2,40,000 in 3:4:5 gives 60,000 / 80,000 / 1,00,000. Z is 15,000 short, which Y pays: 80,000 − 15,000 = 65,000. GPSC CBRT, Sep 2026.
33	**B**	**720 km** Speeds are in the ratio √9 : √4 = 3 : 2, so Q = 48 km/h. They meet after √(4 × 9) = 6 h; P travels 6 + 4 = 10 h × 72 = 720 km. GPSC CBRT, Sep 2026.

Logical Reasoning

34 **A** **₹3,40,000**
Q's interest 30,000, so his share is 40,000 = 2/10 of the remainder: 2,00,000. Add R's interest 50,000, Q's 30,000 and rent 60,000: 3,40,000. GPSC CBRT, Sep 2026.

35 **C** **1,51,200**
× 6, × 7, × 8, × 9, so × 10 gives 1,51,200. GPSC CBRT, Sep 2026.

Core: Repertory and Repertorisation

36 **C** **Antipsoric medicines**
'Systematic Alphabetic Repertory of the Antipsoric Medicines' (1832); the non-antipsorics followed in 1835.

37 **B** **7**
Mind, parts of body, sensations, sleep and dreams, fever, modalities (alterations of the state of health) and relationship of remedies.

38 **C** **Concordance (relationship of remedies)**
The seventh section, 'Relationship of remedies', is the doctrine of concordances.

39 **A** **Concomitant**
The four elements of a complete symptom.

40 **D** **Grand generalisation of particulars**
He generalised modalities and sensations from particular locations to the whole patient.

41 **C** **1897**
Published in parts from 1897.

42 **A** **Bold capitals**
Three grades: bold (3 marks), italics (2), roman (1).

43 **C** **Mind and Generalities**
The repertory runs from Mind to Generalities.

44 **D** **General to particular**
Within each chapter it moves from general rubrics to particular ones.

45 **C** **three separate chapters**
Each has its own chapter.

46 **D** **C. M. Boger**
C. M. Boger, 1905.

47 **B** **W. J. Guernsey**
Guernsey, 1888.

48 **C** **a mechanically aided (card) repertory**
Punched-card repertory by Dr Jugal Kishore of India.

49 **A** **Particular (regional/purposive) repertory**
It covers one clinical area.

Core: Repertory and Repertorisation		
50	**B**	**a Bible concordance, by key words** Six volumes, indexed by significant words.
51	**D**	**Frederik Schroyens** Repertorium Homoeopathicum Syntheticum, used in RADAR software.
52	**A**	**Belgium (Archibel)** By Archibel, Belgium.
53	**D**	**alphabetically** A single alphabetical arrangement of rubrics.
54	**B**	**mental generals** Mental generals, then physical generals, then particulars.
55	**B**	**the will (loves and hates)** Will, then understanding, then memory.
56	**A**	**Rubric conversion** The symptom is matched to the nearest rubric.
57	**B**	**a characteristic general symptom with adequate remedies** A strongly marked general is used to narrow the field.
58	**C**	**Hering's Guiding Symptoms** Calvin Knerr, Hering's son-in-law.
59	**C**	**five grades** He used five typefaces.
60	**D**	**Clinical repertory** Rubrics are named after diseases.

SOURCES

GPSC question papers used, 2023 to 2026

Each file is GPSC's question paper with the answer key printed under every question. Papers tagged medical are the medical CBRTs of the last three years; no Homoeopathic Physician paper has been published yet.

Held	Post and link
