GOA PUBLIC SERVICE COMMISSION | COMPUTER BASED RECRUITMENT TEST

Practice Set 10

English (Comprehension), English Grammar, General Knowledge and Current Affairs of India and Goa, Logical Reasoning, and Core. 60 questions, 60 marks, 75 minutes. Answer key and explanations at the end.

What this is. A practice paper in the pattern of the Homoeopathic Physician syllabus (Advt. 06/2026): Comprehension 10, Grammar 5, General Knowledge 10, Logical Reasoning 10 and Core 25. The questions in sections I, II and IV are taken from GPSC CBRT papers of 2023 to 2026, including the medical papers (Medical Officer 2024 and 2025, Pharmacology, Pharmaceutics, Pharmaceutical Chemist, Physiotherapy, Dentist, Ophthalmologist); each explanation names the paper. Section III (GK) is written for a CBRT on 1 November 2026, following the pattern of GPSC's GK papers from 2018 to September 2026: mostly current affairs of August to October 2026, with Goa, important days and some static GK. Where GPSC's printed key was wrong, the corrected answer is given. A few grammar items marked 'GPSC-style practice item' were written to fill the section. The core section is original, set to the ten core topics of the syllabus. In the real paper the core questions come first; here they come last, in syllabus order.

Section	Questions	Marks
English (Comprehension)	1 to 10	10
English Grammar	11 to 15	5
General Knowledge / Current Affairs of India and Goa	16 to 25	10
Logical Reasoning	26 to 35	10
Core: Full syllabus (Topics 1 to 10)	36 to 60	25
Total	**60**	**60**

Each question carries one mark and has five options; option E is always "None of the above", as in the real test. No marks are deducted for a wrong answer. The CBRT for the post of Homoeopathic Physician (Advt. 06 of 2026) is 60 marks in 75 minutes: these four sections plus a 25-mark core section. The qualifying marks are 30 of 60 for General, EWS and ex-servicemen, 27 for OBC, PwD and CFF, and 24 for SC and ST.

SECTION I | 10 MARKS

English (Comprehension)

Passage 1. Read the passage and answer questions 1 to 5.

The rapid expansion of Electric Vehicles (EVs) has significantly altered the global transportation landscape. Governments worldwide have promoted EV adoption through subsidies, tax exemptions, and investments in charging infrastructure to reduce dependence on fossil fuels and lower urban pollution levels. Supporters argue that EVs represent a sustainable alternative to conventional automobiles because they produce fewer direct emissions. However, environmental analysts caution that the overall ecological benefit of EVs depends largely on the energy sources used for electricity generation. In nations where coal-fired power plants dominate energy production, EVs may indirectly contribute to substantial carbon emissions. Furthermore, the extraction of rare earth minerals and disposal of lithium-ion batteries raise serious environmental and ethical concerns. Despite these criticisms, technological advancements in battery efficiency and renewable energy integration continue to strengthen the long-term prospects of EVs. Economists also note that the EV industry has created new opportunities for innovation, employment, and industrial investment. Consequently, the debate surrounding EVs is no longer limited to transportation alone but extends to broader questions of sustainability, energy policy, and economic transition.

1. Which of the following best captures the central argument of the passage?

A. EVs are entirely free from environmental concerns.
B. EV adoption involves both significant benefits and complex challenges.
C. Governments should stop subsidising EVs.
D. Coal-based power generation should be expanded.
E. None of the above

2. The author implies that the environmental success of EVs depends primarily on:

A. The nature of electricity production systems
B. International trade rules
C. Consumer preference for luxury vehicles
D. Reduction in car manufacturing
E. None of the above

3. Why does the author mention "rare earth minerals" and "lithium-ion batteries"?

A. To show EVs are profitable
B. To note technical limits unrelated to environment
C. To present environmental and ethical concerns of EV production
D. To argue against renewable energy
E. None of the above

4. Which of the following can be logically inferred from the passage?

A. Conventional cars are economically better.
B. Governments refuse to support EVs.
C. EVs eliminate carbon emissions in all countries.
D. Renewable energy integration may improve the sustainability of EVs.
E. None of the above

5. The tone of the passage may best be described as:

A. Analytical and balanced
B. Biased and dismissive
C. Satirical and critical
D. Emotional and persuasive
E. None of the above

Passage 2. Read the passage and answer questions 6 to 10.

Cricket in modern India has evolved from a leisurely sport into a complex social and economic institution. Its growing popularity has been fueled by mass media, corporate sponsorships, and franchise-based leagues. Financial investment has improved infrastructure and global visibility, but it has also altered priorities within the game. Player selection and retention are increasingly influenced by market value and audience appeal. Technological tools such as performance analytics and video reviews have enhanced accuracy while intensifying scrutiny. Constant evaluation places psychological pressure on players and shortens professional careers. Traditional ideals of patience, sportsmanship, and long-term development often conflict with expectations of instant success. Despite these tensions, cricket continues to function as a powerful unifying force across regions and classes. Thus, the sport reflects a delicate balance between emotional attachment and commercial ambition.

6. The passage mainly presents cricket as

A. a technology-driven sport
B. a purely commercial entertainment industry
C. a recreational activity with mass appeal
D. a social institution shaped by economic forces
E. None of the above

7. According to the passage, commercialization has most directly influenced

A. players' fitness
B. player marketability and selection
C. the rules of the game
D. cricket in rural areas
E. None of the above

8. What is implied by the phrase "intensifying scrutiny" of players?

A. Less public interest
B. Fairer decisions
C. Continuous monitoring and evaluation
D. Ethical transparency
E. None of the above

9. The conflict between traditional ideals and modern expectations mainly concerns

A. patience versus instant success
B. training versus talent
C. discipline versus creativity
D. teamwork versus individual play
E. None of the above

10. The author’s overall attitude toward the transformation of cricket is best described as

A. cautiously balanced
B. strongly approving
C. completely critical
D. emotionally nostalgic
E. None of the above

SECTION II | 5 MARKS

English Grammar

11. Choose the correct option: “Hardly had the meeting begun _____ the power failed.”

A. when
B. then
C. than
D. that
E. None of the above

12. Identify the incorrect sentence:

A. He gave me a piece of advice.
B. He gave me many advices.
C. He gave me much advice.
D. He gave me some advice.
E. None of the above

13. Choose the correct passive construction: “The committee will announce the results tomorrow.”

A. The results will be announce by the committee tomorrow.
B. The results will announced by the committee tomorrow.
C. The results would be announced by the committee tomorrow.
D. The results will be announced by the committee tomorrow.
E. None of the above

14. Choose the correct modal: “_____ I come in, sir?”

A. Must
B. Need
C. May
D. Would
E. None of the above

15. Identify the function of the underlined word: “He came yesterday.”

A. Adverb
B. Noun
C. Adjective
D. Preposition
E. None of the above

SECTION III | 10 MARKS

General Knowledge / Current Affairs of India and Goa

16. 'Mission Samriddh Gaon', launched by Shivraj Singh Chouhan in 2026, began with pilot villages in which state?

A. Bihar
B. Madhya Pradesh
C. Rajasthan
D. Uttar Pradesh
E. None of the above

17. What is the target number of 'Lakhpati Didis' under the rural women's livelihood mission?

A. 3 crore
B. 1 crore
C. 10 crore
D. 6 crore
E. None of the above

18. Ahmedabad hosted, for the first time, a leg of the World Para Series in which sport (2026)?

A. Shooting
B. Badminton
C. Archery
D. Athletics
E. None of the above

19. Where was the final of the 2026 ICC Men's T20 World Cup played?

A. Mumbai
B. Ahmedabad
C. Colombo
D. Kolkata
E. None of the above

20. National Handloom Day (7 August) commemorates the launch of the:

A. Dandi March in 1930
B. Swadeshi Movement in 1905
C. Quit India Movement in 1942
D. Non-Cooperation Movement in 1920
E. None of the above

21. Goa's first Chief Minister, Dayanand Bandodkar, belonged to the:

A. Maharashtrawadi Gomantak Party
B. Indian National Congress
C. Bharatiya Jana Sangh
D. United Goans Party
E. None of the above

22. Exercise 'Yudh Abhyas' is held between India and:

A. UK
B. France
C. Russia
D. USA
E. None of the above

23. India's first fully commercial Earth-observation constellation, approved by IN-SPACe in 2026, will have how many satellites?

A. 100
B. 4
C. 12
D. 24
E. None of the above

24. Francis Halzen, Nobel laureate in Physics 2026, is known for the IceCube Neutrino Observatory, located at the:

A. South Pole
B. Arctic
C. Kamioka mine, Japan
D. Gran Sasso, Italy
E. None of the above

25. Silent Valley National Park is in:

A. Kerala
B. Tamil Nadu
C. Goa
D. Karnataka
E. None of the above

SECTION IV | 10 MARKS

Logical Reasoning

26. Find the next number in the series: 3, 5, 9, 17, 33, ?

A. 65
B. 49
C. 63
D. 66
E. None of the above

27. Find the next letter in the series: Z, X, U, Q, L, ?

A. E
B. F
C. G
D. H
E. None of the above

28. If OFFICE is written as PGGJDF in a certain code, how is TALUKA written?

A. UBMVKB
B. SZKTJZ
C. UBMVLB
D. UBNVLB
E. None of the above

29. Sarpanch is to Panchayat as Mayor is to:

A. Zilla Panchayat
B. Legislative Assembly
C. Gram Sabha
D. Municipal Corporation
E. None of the above

30. Looking at a portrait, Arun said, 'I have no brother or sister, but this man's father is my father's son.' Whose portrait is it?

A. His own
B. His father's
C. His son's
D. His nephew's
E. None of the above

31. A river flows from east to west. It turns left, and then turns right. In which direction is it flowing now?

A. West
B. North
C. South
D. East
E. None of the above

32. Statement: "If the train is delayed, I will be late." Which judgment follows?

A. If I am late, the train was delayed
B. The train causes all my lateness
C. I will be late if the train is delayed
D. The train delay is irrelevant
E. None of the above

33. April has 30 days. The ratio of rainy days to sunny days in April could NOT be

A. 5:3
B. 3:2
C. 5:1
D. 4:1
E. None of the above

34. Simplify: 0.96 ÷ 0.24 + 0.35 ÷ 0.07

A. 7
B. 8
C. 9
D. 10
E. None of the above

35. Statement: "Investing in renewable energy can reduce our carbon footprint." Argument A: Renewables are expensive to implement. Argument B: Renewables are key to reducing long-term environmental damage. Which is stronger?

A. Argument A
B. Argument B
C. Both are valid
D. Neither is valid
E. None of the above

SECTION V | 25 MARKS

Core: Full syllabus (Topics 1 to 10)

36. The first edition of the Organon (1810) was titled:

A. Organon of the Healing Art (Organon der Heilkunst)
B. Organon of Rational Medicine (Organon der rationellen Heilkunde)
C. Materia Medica Pura
D. The Medicine of Experience
E. None of the above

37. According to §7, the totality of symptoms is:

A. the outwardly reflected image of the inner essence of the disease
B. a list of pathological findings
C. less important than the diagnosis
D. useful only in acute cases
E. None of the above

38. In Kent's observations, amelioration first followed by aggravation suggests:

A. the best possible cure
B. a superficial, palliative remedy, or an incurable patient
C. a correct remedy in the right potency
D. an oversensitive patient
E. None of the above

39. Which pair are the chief anti-sycotic remedies?

A. Sulphur and Psorinum
B. Thuja and Medorrhinum
C. Mercurius and Syphilinum
D. Tuberculinum and Bacillinum
E. None of the above

40. Breathlessness with great rattling of mucus, worse at 3 a.m., in fat, sluggish patients with a tendency to cyanosis, suggests:

A. Antimonium tart
B. Ipecac
C. Ammonium carbonicum
D. Kali carb
E. None of the above

41. Constant hunger with a 'better while eating' state, emaciation despite eating well, and enlarged hard glands suggest:

A. Iodium
B. Calcarea carb
C. Natrum mur
D. Lycopodium
E. None of the above

42. Restless, fidgety feet that must be kept moving all the time, with brain fag, suggest:

A. Arsenicum
B. Rhus tox
C. Tarentula
D. Zincum metallicum
E. None of the above

43. Crataegus oxyacantha mother tincture is used as an organ remedy for the:

A. liver
B. spleen
C. kidney
D. heart
E. None of the above

44. Medorrhinum is prepared from:

A. tuberculous sputum
B. the itch vesicle
C. gonorrhoeal discharge
D. syphilitic chancre
E. None of the above

45. The abbreviation 'a.c.' on a prescription means:

A. after meals
B. at bedtime
C. before meals
D. as required
E. None of the above

46. 'Clarke's Clinical Repertory' (1904) is an example of a:

A. clinical repertory
B. card repertory
C. concordance repertory
D. regional repertory of the eye
E. None of the above

47. In Kent's Repertory, the second chapter, after Mind, is:

A. Head
B. Eye
C. Vertigo
D. Generalities
E. None of the above

48. Damage to the cerebellum typically causes:

A. intention tremor and ataxia
B. resting tremor
C. aphasia
D. sensory loss
E. None of the above

49. The normal tidal volume of an adult at rest is about:

A. 150 mL
B. 1,200 mL
C. 3,000 mL
D. 500 mL
E. None of the above

50. Koilonychia (spoon-shaped nails) is a sign of:

A. iron-deficiency anaemia
B. hypoalbuminaemia
C. psoriasis
D. clubbing
E. None of the above

51. Negri bodies are seen in:

A. measles
B. herpes
C. CMV infection
D. rabies
E. None of the above

52. The most common pattern in irritable bowel syndrome is (GPSC Medical Officer, 2024):

A. diarrhoea only
B. constipation only
C. constipation alternating with diarrhoea
D. prolonged constipation followed by diarrhoea
E. None of the above

53. The most important mechanism in GERD is (GPSC Medical Officer, 2024):

A. frequent transient lower oesophageal sphincter relaxations
B. hiatus hernia
C. LES hypertension
D. delayed gastric emptying
E. None of the above

54. Absence (petit mal) seizures show on EEG:

A. 3 Hz spike-and-wave discharges
B. flat trace
C. focal temporal spikes only
D. alpha rhythm
E. None of the above

55. The commonest heart defect in congenital rubella syndrome is (GPSC Medical Officer, 2024):

A. VSD
B. patent ductus arteriosus
C. ASD
D. pulmonary stenosis
E. None of the above

56. Kwashiorkor differs from marasmus chiefly by the presence of (GPSC Medical Officer, 2025):

A. weight loss
B. wasting
C. age of onset
D. oedema
E. None of the above

57. Troisier's sign (enlarged left supraclavicular node) is seen in (GPSC Medical Officer, 2024):

A. carcinoma breast
B. carcinoma lung
C. carcinoma stomach
D. head and neck cancer
E. None of the above

58. The Parkland formula for fluid resuscitation in burns is:

A. 2 mL × weight × % burn in 8 hours
B. 4 mL × body weight (kg) × % burn in 24 hours, half in the first 8 hours
C. 10 mL × weight
D. 1 litre per % burn
E. None of the above

59. The Human Development Index does NOT include (GPSC Medical Officer, 2025):

A. life expectancy at birth
B. mean years of schooling
C. infant mortality rate
D. income
E. None of the above

60. 'Tache noire' is a post-mortem sign seen:

A. on the skin of the back
B. in the eyes when the eyelids remain open
C. in the stomach
D. on the fingernails
E. None of the above

Explanations

English (Comprehension)

1 **B** **EV adoption involves both significant benefits and complex challenges.**
Main idea: a balanced 'benefits and challenges' option. Passage: GPSC CBRT (Assistant Professor in Livestock Production and Management), May 2026.

2 **A** **The nature of electricity production systems**
Inference: 'depends largely on the energy sources used for electricity generation'. Passage: GPSC CBRT (Assistant Professor in Livestock Production and Management), May 2026.

3 **C** **To present environmental and ethical concerns of EV production**
Purpose question: they 'raise serious environmental and ethical concerns'. Passage: GPSC CBRT (Assistant Professor in Livestock Production and Management), May 2026.

4 **D** **Renewable energy integration may improve the sustainability of EVs.**
Inference: 'renewable energy integration continue[s] to strengthen the long-term prospects'. Passage: GPSC CBRT (Assistant Professor in Livestock Production and Management), May 2026.

5 **A** **Analytical and balanced**
Tone: weighs supporters and critics. Passage: GPSC CBRT (Assistant Professor in Livestock Production and Management), May 2026.

6 **D** **a social institution shaped by economic forces**
Main idea: 'a complex social and economic institution'. 'Purely' is too extreme. Passage: GPSC CBRT (Assistant District Educational Inspector / Teacher), Jan 2026.

English (Comprehension)

7	**B**	**player marketability and selection** Detail: selection is 'influenced by market value and audience appeal'. Passage: GPSC CBRT (Assistant District Educational Inspector / Teacher), Jan 2026.
8	**C**	**Continuous monitoring and evaluation** Vocabulary in context: the next sentence speaks of 'constant evaluation'. Passage: GPSC CBRT (Assistant District Educational Inspector / Teacher), Jan 2026.
9	**A**	**patience versus instant success** Detail: the seventh sentence. Passage: GPSC CBRT (Assistant District Educational Inspector / Teacher), Jan 2026.
10	**A**	**cautiously balanced** Tone: 'a delicate balance'. Passage: GPSC CBRT (Assistant District Educational Inspector / Teacher), Jan 2026.

English Grammar

11	**A**	**when** 'Hardly/Scarcely … when'; 'No sooner … than'. GPSC-style practice item, modelled on the 2026 grammar blocks.
12	**B**	**He gave me many advices.** 'Advice' is uncountable; it has no plural. GPSC-style practice item, modelled on the 2026 grammar blocks.
13	**D**	**The results will be announced by the committee tomorrow.** Future passive: will be + past participle. GPSC-style practice item, modelled on the 2026 grammar blocks.
14	**C**	**May** 'May' for polite permission. GPSC-style practice item, modelled on the 2026 grammar blocks.
15	**A**	**Adverb** 'Yesterday' tells when he came. GPSC-style practice item, modelled on the 2026 grammar blocks.

General Knowledge / Current Affairs of India and Goa

16	**B**	**Madhya Pradesh** Budni (Sehore) and Khategaon (Dewas). Aug 2026.
17	**D**	**6 crore** Raised in 2026.
18	**C**	**Archery** Hyundai World Archery Para Series. Sep 2026.
19	**B**	**Ahmedabad** India beat New Zealand by 96 runs.

General Knowledge / Current Affairs of India and Goa

20 **B** **Swadeshi Movement in 1905**
The 12th National Handloom Day was in 2026.

21 **A** **Maharashtrawadi Gomantak Party**
CM from 1963 to 1973.

22 **D** **USA**
An army exercise.

23 **C** **12**
Allied Orbits consortium, to be operational by 2029.

24 **A** **South Pole**
Oct 2026.

25 **A** **Kerala**
In the Nilgiri Biosphere Reserve.

Logical Reasoning

26 **A** **65**
Each term is double the previous one minus 1: 33 x 2 - 1 = 65.

27 **B** **F**
The steps back are 2, 3, 4, 5, then 6. L is the 12th letter, so the next is the 6th, F.

28 **C** **UBMVLB**
Each letter moves one place forward: T-U, A-B, L-M, U-V, K-L, A-B.

29 **D** **Municipal Corporation**
A Sarpanch heads a Panchayat; a Mayor heads a Municipal Corporation.

30 **C** **His son's**
With no brother, 'my father's son' is Arun himself. So Arun is the father of the man in the portrait.

31 **A** **West**
Flowing west, a left turn takes it south, and a right turn brings it back to west.

32 **C** **I will be late if the train is delayed**
Only the restatement is certain; A reverses the if-then. GPSC CBRT, Mar 2025.

33 **A** **5:3**
5 : 3 needs 8 parts; 30 is not a multiple of 8. The others split 30 exactly. GPSC CBRT, Mar 2025.

34 **C** **9**
4 + 5 = 9. GPSC CBRT, Sep 2025.

35 **B** **Argument B**
B speaks directly to the statement's goal; cost alone does not answer it. GPSC CBRT, Mar 2025.

Core: Full syllabus (Topics 1 to 10)

36	**B**	**Organon of Rational Medicine (Organon der rationellen Heilkunde)** Topic 1, Organon and Philosophy. From the second edition (1819) the title became Organon der Heilkunst, Organon of the Healing Art.
37	**A**	**the outwardly reflected image of the inner essence of the disease** Topic 1, Organon and Philosophy. §7: the totality must be the principal, indeed the only, thing the physician has to take note of in every case.
38	**B**	**a superficial, palliative remedy, or an incurable patient** Topic 1, Organon and Philosophy. The remedy has acted only superficially; the deeper state then reasserts itself.
39	**B**	**Thuja and Medorrhinum** Topic 1, Organon and Philosophy. Thuja and Medorrhinum are the leading anti-sycotics.
40	**C**	**Ammonium carbonicum** Topic 2, Materia Medica. Ammonium carb: emphysema, weak heart, worse 3 a.m.
41	**A**	**Iodium** Topic 2, Materia Medica. Iodium: hungry, hot, restless and emaciated; hyperthyroid picture.
42	**D**	**Zincum metallicum** Topic 2, Materia Medica. Zincum: incessant movement of the feet.
43	**D**	**heart** Topic 2, Materia Medica. A heart tonic in clinical organ therapeutics.
44	**C**	**gonorrhoeal discharge** Topic 3, Pharmacy. Psorinum = scabies vesicle; Syphilinum = chancre; Tuberculinum = TB material.
45	**C**	**before meals** Topic 3, Pharmacy. Ante cibum; p.c. = after meals.
46	**A**	**clinical repertory** Topic 4, Repertory. Rubrics are named after clinical conditions.
47	**C**	**Vertigo** Topic 4, Repertory. The order follows Hahnemann's schema: Mind, Vertigo, Head...
48	**A**	**intention tremor and ataxia** Topic 5, Anatomy and Physiology. Resting tremor is Parkinsonian.
49	**D**	**500 mL** Topic 5, Anatomy and Physiology. About 150 mL of it is anatomical dead space.
50	**A**	**iron-deficiency anaemia** Topic 6, Pathology, Microbiology and Diagnostics. Leukonychia points to hypoalbuminaemia (GPSC Medical Officer, 2024).
51	**D**	**rabies** Topic 6, Pathology, Microbiology and Diagnostics. In the hippocampus and Purkinje cells.

Core: Full syllabus (Topics 1 to 10)

52	**C**	**constipation alternating with diarrhoea** Topic 7, Practice of Medicine. As keyed by GPSC.
53	**A**	**frequent transient lower oesophageal sphincter relaxations** Topic 7, Practice of Medicine. Transient LES relaxations allow reflux.
54	**A**	**3 Hz spike-and-wave discharges** Topic 7, Practice of Medicine. Treated with ethosuximide or valproate.
55	**B**	**patent ductus arteriosus** Topic 8, Obstetrics, Gynaecology and Paediatrics. Rubella triad: PDA, cataract, deafness.
56	**D**	**oedema** Topic 8, Obstetrics, Gynaecology and Paediatrics. Oedema is the hallmark of kwashiorkor.
57	**C**	**carcinoma stomach** Topic 9, Surgery, ENT, Eye and First Aid. Virchow's node.
58	**B**	**4 mL × body weight (kg) × % burn in 24 hours, half in the first 8 hours** Topic 9, Surgery, ENT, Eye and First Aid. Ringer's lactate is used.
59	**C**	**infant mortality rate** Topic 10, Community and Forensic Medicine, Ethics. IMR is part of the PQLI, not the HDI.
60	**B**	**in the eyes when the eyelids remain open** Topic 10, Community and Forensic Medicine, Ethics. Brownish-black discoloration of the exposed sclera.
