GOA PUBLIC SERVICE COMMISSION | COMPUTER BASED RECRUITMENT TEST

Practice Set 13

English (Comprehension), English Grammar, General Knowledge and Current Affairs of India and Goa, Logical Reasoning, and Core. 60 questions, 60 marks, 75 minutes. Answer key and explanations at the end.

What this is. A practice paper in the pattern of the Homoeopathic Physician syllabus (Advt. 06/2026): Comprehension 10, Grammar 5, General Knowledge 10, Logical Reasoning 10 and Core 25. The questions in sections I, II and IV are taken from GPSC CBRT papers of 2023 to 2026, including the medical papers (Medical Officer 2024 and 2025, Pharmacology, Pharmaceutics, Pharmaceutical Chemist, Physiotherapy, Dentist, Ophthalmologist); each explanation names the paper. Section III (GK) is written for a CBRT on 1 November 2026, following the pattern of GPSC's GK papers from 2018 to September 2026: mostly current affairs of August to October 2026, with Goa, important days and some static GK. Where GPSC's printed key was wrong, the corrected answer is given. A few grammar items marked 'GPSC-style practice item' were written to fill the section. The core section is original, set to the ten core topics of the syllabus. In the real paper the core questions come first; here they come last, in syllabus order.

Section	Questions	Marks
English (Comprehension)	1 to 10	10
English Grammar	11 to 15	5
General Knowledge / Current Affairs of India and Goa	16 to 25	10
Logical Reasoning	26 to 35	10
Core: Full syllabus (Topics 1 to 10)	36 to 60	25
Total	**60**	**60**

Each question carries one mark and has five options; option E is always "None of the above", as in the real test. No marks are deducted for a wrong answer. The CBRT for the post of Homoeopathic Physician (Advt. 06 of 2026) is 60 marks in 75 minutes: these four sections plus a 25-mark core section. The qualifying marks are 30 of 60 for General, EWS and ex-servicemen, 27 for OBC, PwD and CFF, and 24 for SC and ST.

SECTION I | 10 MARKS

English (Comprehension)

Passage 1. Read the passage and answer questions 1 to 5.

Homeopathy, a system of medicine developed in the 18th century, has gained increasing popularity in India as an alternative to conventional treatments. Based on the principle of "like cures like," it employs highly diluted substances to stimulate the body's natural healing mechanisms. Advocates claim efficacy in chronic conditions, minor ailments, and as complementary therapy alongside allopathy. Despite widespread use, homeopathy faces criticism due to a lack of empirical evidence, challenges in standardization, and debates over placebo effects. Regulatory frameworks in India aim to ensure quality control, professional training, and integration with national health programs. Patient preference, cultural acceptance, and affordability contribute to its continued growth. Emerging research explores homeopathy's potential mechanisms, safety profiles, and role in holistic health, suggesting that its future hinges on reconciling traditional practice with scientific scrutiny.

1. The passage primarily portrays homeopathy as

A. a scientifically proven replacement for allopathy
B. an alternative system with cultural and practical relevance
C. entirely unscientific and outdated
D. limited to rural areas
E. None of the above

2. The phrase "like cures like" refers to

A. treating patients with identical symptoms
B. using diluted substances to trigger natural healing
C. replacing conventional medicine
D. standardizing doses across patients
E. None of the above

3. Which criticism of homeopathy is explicitly mentioned?

A. Excessive cost of treatment
B. Over-reliance on technology
C. Incompatibility with traditional Indian practices
D. Lack of empirical evidence and standardization
E. None of the above

4. What factor contributes to the continued popularity of homeopathy in India?

A. Scientific consensus
B. Government bans on allopathy
C. Cultural acceptance, affordability, and patient preference
D. Mandatory integration in hospitals
E. None of the above

5. The author’s overall perspective on homeopathy is

A. dismissive and critical
B. analytical, highlighting both potential and limitations
C. unconditionally supportive
D. indifferent to its relevance
E. None of the above

Passage 2. Read the passage and answer questions 6 to 10.

Biological medicine, encompassing vaccines, monoclonal antibodies, and gene therapies, represents a rapidly advancing frontier in India's healthcare sector. Its development relies on sophisticated research infrastructure, stringent regulatory frameworks, and skilled scientific personnel. The COVID-19 pandemic highlighted both India's capacity for rapid vaccine production and the systemic challenges of equitable distribution. Biological therapeutics are often expensive and require cold-chain logistics, limiting accessibility in rural and low-income regions. Ethical concerns arise regarding clinical trials, informed consent, and long-term safety monitoring. Collaboration between government institutions, private companies, and international agencies has facilitated innovation, knowledge transfer, and scaling of production. Despite progress, gaps in public awareness, healthcare infrastructure, and affordability continue to restrict the full potential of biological medicine, underscoring the tension between scientific advancement and social equity.

6. The passage primarily presents biological medicine in India as

A. fully accessible to all populations
B. a high-tech, evolving medical frontier with challenges
C. outdated and inefficient
D. solely a government responsibility
E. None of the above

7. Which factor most limits access to biological medicine in rural areas?

A. Lack of vaccines
B. Cold-chain logistics and high costs
C. Government bans
D. Absence of diseases
E. None of the above

8. Ethical concerns mentioned in the passage primarily relate to

A. cost of production
B. clinical trials and informed consent
C. global competition
D. technological complexity
E. None of the above

9. How does collaboration impact biological medicine in India?

A. It slows down production
B. It facilitates innovation, scaling, and knowledge transfer
C. It reduces scientific independence
D. It eliminates ethical concerns
E. None of the above

10. The overall tone of the passage is

A. critical and dismissive
B. analytical, acknowledging progress and challenges
C. purely promotional
D. pessimistic about India's capabilities
E. None of the above

SECTION II | 5 MARKS

English Grammar

11. Choose the correct passive construction: “The authority ordered him to submit the documents.”

A. He was ordered to submit the documents.
B. He is ordered to submit the documents.
C. He was ordered submitting the documents.
D. To submit the documents was ordered to him.
E. None of the above

12. Choose the correct conditional sentence:

A. If I was the director, I would approve the funding.
B. If I were the director, I would approve the funding.
C. If I am the director, I would approve the funding.
D. If I had been the director, I approve the funding.
E. None of the above

13. Choose the correct modal: “The seminar is optional; you ____ attend if you are occupied.”

A. mustn’t
B. needn’t
C. shouldn’t
D. cannot
E. None of the above

14. Choose the correct inverted structure:

A. Scarcely she had stepped outside when the storm began.
B. Scarcely had she stepped outside when the storm began.
C. Scarcely had she stepped outside than the storm began.
D. Scarcely did she stepped outside when the storm began.
E. None of the above

15. Choose the correct question tag: “Let’s go for a walk, ____?”

A. shall we
B. will we
C. don’t we
D. won’t you
E. None of the above

SECTION III | 10 MARKS

General Knowledge / Current Affairs of India and Goa

16. Which Indian city was the only one listed in the Work From Anywhere Index 2026?

A. Pune
B. Mumbai
C. Goa
D. Bengaluru
E. None of the above

17. The Pradhan Mantri Matsya Sampada Yojana, which completed six years in September 2026, is for the:

A. dairy sector
B. handloom sector
C. fisheries sector
D. food processing sector
E. None of the above

18. Who were named ICC Players of the Month for September 2026?

A. Jasprit Bumrah and Smriti Mandhana
B. Shubman Gill and Shafali Verma
C. Rohit Sharma and Harmanpreet Kaur
D. Shreyas Iyer and Deepti Sharma
E. None of the above

19. The Aichi-Nagoya Asian Games 2026 were held in which country?

A. South Korea
B. Qatar
C. China
D. Japan
E. None of the above

20. The theme of Ayurveda Day 2026 (23 September) was:

A. Ayurveda for a Healthier Tomorrow
B. Ayurveda for One Health
C. Ayurveda for People and Planet
D. Har Din Har Ghar Ayurveda
E. None of the above

21. The 'Churches and Convents of Goa' were inscribed as a UNESCO World Heritage Site in:

A. 2004
B. 1986
C. 1972
D. 1999
E. None of the above

22. The new series of India's national accounts uses which base year?

A. 2022-23
B. 2017-18
C. 2020-21
D. 2011-12
E. None of the above

23. The grand finale of the Bharatiya Antariksh Hackathon 2026 was held at the NRSC, which is in:

A. Ahmedabad
B. Bengaluru
C. Hyderabad
D. Thiruvananthapuram
E. None of the above

24. The 36th Ig Nobel Prize ceremony (2026) was held, for the first time in 35 years, outside the USA, in:

A. Stockholm
B. London
C. Tokyo
D. Zurich
E. None of the above

25. The Indian National Congress was founded in 1885 by:

A. A. O. Hume
B. W. C. Bonnerjee
C. Surendranath Banerjee
D. Dadabhai Naoroji
E. None of the above

SECTION IV | 10 MARKS

Logical Reasoning

26. Statement: Sales of a product have fallen sharply. Courses of action: I. Study rival products in the market. II. Cut the price and improve quality.

A. Only I follows
B. Only II follows
C. Either I or II follows
D. Neither follows
E. None of the above

27. Parents have complained of bullying during recess. Which situation should the recess aides report to the principal?

A. A girl sits alone reading
B. Four girls surround another and hold her backpack
C. Two boys argue over a basketball score
D. Three boys play a banned video game
E. None of the above

28. A Five-Day Suspension is for (1) physically assaulting someone or (2) wilfully damaging or defacing school property. Which is the best example?

A. Lillian is caught cheating a second time
B. Marc is sent out for disruptions
C. Franny spray-paints insults on the locker-room wall and is suspended
D. Failing students must stay for tutoring
E. None of the above

29. A town's population grew from 1,75,000 to 2,62,500 in a decade. What was the average per cent increase per year?

A. 4.37%
B. 5%
C. 6%
D. 8.75%
E. None of the above

30. Should trade unions be banned completely? I. Yes, workers can concentrate on production. II. No, it is the only way employees can put demands to management. III. Yes, unions get illegal demands met. IV. No, advanced countries don't ban them.

A. Only I is strong
B. Only II is strong
C. Only I and II are strong
D. Only I, II and III are strong
E. None of the above

31. Rainfall in the catchment was below normal for two months, yet the city's water supply has not been cut. Assumptions: I. Rainfall later in the monsoon may be adequate. II. Present lake levels may be adequate for normal supply.

A. Only I is implicit
B. Only II is implicit
C. Either I or II is implicit
D. Both are implicit
E. None of the above

32. What day of the week was 15 August 1947?

A. Wednesday
B. Thursday
C. Friday
D. Saturday
E. None of the above

33. Sara lives in a large East Coast city. Her younger cousin Marlee lives in a small Mid-west town. Marlee has visited Sara several times in five years; Sara has visited Marlee once. Which must be true?

A. Marlee likes Sara more
B. Sara finds small towns boring
C. Sara is older than Marlee
D. Marlee wants to move east
E. None of the above

34. Statement: Schools have multiplied, but most are ill-equipped and not excellent. Conclusions: I. We should give these schools good teachers and equipment. II. We need not open more schools.

A. Only I follows
B. Only II follows
C. Either follows
D. Neither follows
E. None of the above

35. At what time between 4 and 5 o'clock will the hands of the clock be together?

A. 4 h 20 min 13 s
B. 4 h 21 min 49 s
C. 4 h 23 min 49 s
D. 4 h 17 min 49 s
E. None of the above

SECTION V | 25 MARKS

Core: Full syllabus (Topics 1 to 10)

36. Treating a disease with the very agent or product that caused it is called:

A. Homoeopathy
B. Isopathy
C. Antipathy
D. Allopathy
E. None of the above

37. Diseases presenting only one or two striking symptoms, which hide the rest of the picture, are called by Hahnemann:

A. Acute miasms
B. Indispositions
C. One-sided diseases
D. Intermittent diseases
E. None of the above

38. According to Kent, a remedy that produces new symptoms in the patient was:

A. the correct simillimum
B. too low in potency
C. only partially similar, so the case needs restudy
D. acting curatively
E. None of the above

39. A sycotic remedy with fixed ideas, warts, and the sensation of something alive moving in the abdomen is:

A. Sulphur
B. Thuja occidentalis
C. Calcarea carb
D. Ignatia
E. None of the above

40. A great desire for fresh air, burning pains relieved by heat, and offensive, foul-smelling discharges with a history of never being well since a suppressed eruption suggest:

A. Pulsatilla
B. Apis
C. Psorinum
D. Natrum mur
E. None of the above

41. Profuse, watery, painless diarrhoea with marked prostration, cold sweat on the forehead and collapse calls for:

A. Aloe
B. Veratrum album
C. Podophyllum
D. China
E. None of the above

42. Sensation of a plug in various parts, sweet taste, and complaints relieved by eating are characteristic of:

A. Ignatia
B. Lycopodium
C. Arsenicum
D. Anacardium orientale
E. None of the above

43. The vehicle used to prepare mother tinctures from fresh plants is:

A. Distilled water
B. Glycerine
C. Lactose
D. Purified alcohol (strong alcohol or dispensing alcohol)
E. None of the above

44. Globules used in homoeopathy are made of:

A. Lactose
B. Starch
C. Glucose
D. Cane sugar (sucrose)
E. None of the above

45. In Kent's Repertory, the rubric for 'fear of death' is found in the chapter:

A. Mind
B. Generalities
C. Head
D. Sleep
E. None of the above

46. Boger's 'Synoptic Key' is best described as:

A. a card repertory
B. a concise repertory with a materia medica section
C. a clinical dictionary
D. a regional repertory of fevers
E. None of the above

47. The 'anatomical snuffbox' contains the pulsation of the:

A. Ulnar artery
B. Brachial artery
C. Radial artery
D. Dorsalis pedis artery
E. None of the above

48. The hormone that regulates blood calcium and is secreted by the parathyroid glands is:

A. Calcitonin
B. Thyroxine
C. Aldosterone
D. Parathormone
E. None of the above

49. Repair by replacement with fibrous tissue, as after a myocardial infarct, is called:

A. Organisation and scar formation (fibrosis)
B. Regeneration
C. Metaplasia
D. Hyperplasia
E. None of the above

50. The Mantoux test detects:

A. active tuberculosis only
B. HIV infection
C. typhoid carriers
D. hypersensitivity to tuberculoprotein (past or present infection)
E. None of the above

51. The commonest cause of community-acquired pneumonia is:

A. Pseudomonas
B. Streptococcus pneumoniae
C. Klebsiella
D. Staphylococcus aureus
E. None of the above

52. A remedy for diabetes with marked thirst, dry mouth and copious urine, often prescribed in mother tincture as a 'specific', is:

A. Arnica
B. Syzygium jambolanum
C. Calendula
D. Hypericum
E. None of the above

53. Painful, red, swollen great toe joint at night with exquisite sensitivity to touch suggests homoeopathically:

A. Colchicum
B. Silicea
C. Calcarea phos
D. Natrum mur
E. None of the above

54. The first stage of labour ends with:

A. full dilatation of the cervix
B. onset of contractions
C. delivery of the baby
D. delivery of the placenta
E. None of the above

55. Bed-wetting in a child older than five years is called:

A. Enuresis
B. Encopresis
C. Dysuria
D. Polyuria
E. None of the above

56. A partial-thickness burn with blisters is classed as:

A. First degree
B. Third degree
C. Second degree
D. Fourth degree
E. None of the above

57. Opacity of the lens of the eye is called:

A. Glaucoma
B. Cataract
C. Pterygium
D. Keratitis
E. None of the above

58. The incidence of a disease measures:

A. all existing cases at a point in time
B. deaths from the disease
C. new cases occurring in a defined period
D. cases treated in hospital
E. None of the above

59. Rigor mortis first appears in the:

A. Lower limbs
B. Fingers
C. Abdominal muscles
D. Myocardium (and then the eyelids and face)
E. None of the above

60. In medical ethics, 'informed consent' requires that the patient:

A. signs any form
B. is told only the benefits
C. understands the nature, risks and alternatives of the procedure and agrees voluntarily
D. is accompanied by a relative
E. None of the above

Explanations

English (Comprehension)

1 **B** **an alternative system with cultural and practical relevance**
It is called an alternative with growing popularity, cultural acceptance and affordability. Passage: GPSC CBRT (State Tax Officer), Sep 2026.

2 **B** **using diluted substances to trigger natural healing**
The next clause explains it: diluted substances stimulate natural healing. Passage: GPSC CBRT (State Tax Officer), Sep 2026.

3 **D** **Lack of empirical evidence and standardization**
Stated directly in the fourth sentence. Passage: GPSC CBRT (State Tax Officer), Sep 2026.

4 **C** **Cultural acceptance, affordability, and patient preference**
Listed word for word in the sixth sentence. Passage: GPSC CBRT (State Tax Officer), Sep 2026.

5 **B** **analytical, highlighting both potential and limitations**
The passage weighs growth against criticism and ends on scientific scrutiny. Passage: GPSC CBRT (State Tax Officer), Sep 2026.

6 **B** **a high-tech, evolving medical frontier with challenges**
A “rapidly advancing frontier” that still faces cost, access and ethical gaps. Passage: GPSC CBRT (State Tax Officer), Sep 2026.

7 **B** **Cold-chain logistics and high costs**
Cost and cold-chain needs are said to limit rural access. Passage: GPSC CBRT (State Tax Officer), Sep 2026.

English (Comprehension)

8 **B** **clinical trials and informed consent**
Stated in the fifth sentence. Passage: GPSC CBRT (State Tax Officer), Sep 2026.

9 **B** **It facilitates innovation, scaling, and knowledge transfer**
Stated in the sixth sentence. Passage: GPSC CBRT (State Tax Officer), Sep 2026.

10 **B** **analytical, acknowledging progress and challenges**
It credits progress and lists the gaps. Passage: GPSC CBRT (State Tax Officer), Sep 2026.

English Grammar

11 **A** **He was ordered to submit the documents.**
Past active becomes 'was ordered'; the infinitive 'to submit' stays. GPSC CBRT, Sep 2026.

12 **B** **If I were the director, I would approve the funding.**
Unreal present: 'If I were …, I would …'. GPSC CBRT, Sep 2026.

13 **B** **needn’t**
'Needn't' means there is no obligation. GPSC CBRT, Sep 2026.

14 **B** **Scarcely had she stepped outside when the storm began.**
Scarcely + had + subject … when. GPSC CBRT, Sep 2026.

15 **A** **shall we**
Sentences beginning with 'Let's' take the tag 'shall we?'. GPSC-style practice item.

General Knowledge / Current Affairs of India and Goa

16 **B** **Mumbai**
Aug 2026.

17 **C** **fisheries sector**
Sep 2026.

18 **B** **Shubman Gill and Shafali Verma**
Oct 2026.

19 **D** **Japan**
19 September to 4 October 2026.

20 **A** **Ayurveda for a Healthier Tomorrow**
Sep 2026.

21 **B** **1986**
Includes the Basilica of Bom Jesus and Se Cathedral.

22 **A** **2022-23**
2026.

23 **C** **Hyderabad**
National Remote Sensing Centre. Aug 2026.

General Knowledge / Current Affairs of India and Goa

24 **D** **Zurich**
Sep 2026.

25 **A** **A. O. Hume**
W. C. Bonnerjee presided over the first session in Bombay.

Logical Reasoning

26 **A** **Only I follows**
Study comes first; II prescribes a remedy before the cause is known. GPSC CBRT, Dec 2024.

27 **B** **Four girls surround another and hold her backpack**
Only B shows a group intimidating one child. GPSC CBRT, Dec 2024.

28 **C** **Franny spray-paints insults on the locker-room wall and is suspended**
Defacing school property meets condition (2). GPSC CBRT, Sep 2024.

29 **B** **5%**
Increase 87,500 = 50% over 10 years: 5% a year on average (simple). GPSC CBRT, Sep 2024.

30 **B** **Only II is strong**
II gives a real, important reason. I and III are weak generalisations; IV just copies others. GPSC CBRT, Sep 2024.

31 **D** **Both are implicit**
Not cutting supply assumes enough water now and the hope of more later. GPSC CBRT, Sep 2025.

32 **C** **Friday**
Independence Day 1947 fell on a Friday. GPSC CBRT, Sep 2025.

33 **C** **Sara is older than Marlee**
Marlee is the younger cousin, so Sara is older. The rest is speculation. GPSC CBRT, Sep 2025.

34 **A** **Only I follows**
The problem stated is quality, which I addresses; II goes beyond the statement. GPSC CBRT, Sep 2025.

35 **B** **4 h 21 min 49 s**
5.5M = 120, so M = 21 9/11 min ≈ 21 min 49 s. GPSC CBRT, Sep 2025.

Core: Full syllabus (Topics 1 to 10)

36 **B** **Isopathy**
Topic 1, Organon and Philosophy. Hahnemann discussed isopathy in a note to §56 and did not accept it as true homoeopathy.

37 **C** **One-sided diseases**
Topic 1, Organon and Philosophy. §172–173; they are hard to cure because the picture is incomplete.

Core: Full syllabus (Topics 1 to 10)

38	**C**	**only partially similar, so the case needs restudy** Topic 1, Organon and Philosophy. Kent's ninth observation: new symptoms mean the remedy was not well chosen.
39	**B**	**Thuja occidentalis** Topic 2, Materia Medica. Thuja's fixed ideas and sensation of something alive in the abdomen.
40	**C**	**Psorinum** Topic 2, Materia Medica. Psorinum: chilly, offensive, despair of recovery; 'never well since'.
41	**B**	**Veratrum album** Topic 2, Materia Medica. Veratrum album: cold sweat on the forehead, collapse.
42	**D**	**Anacardium orientale** Topic 2, Materia Medica. Anacardium: the plug sensation, relief from eating, two wills.
43	**D**	**Purified alcohol (strong alcohol or dispensing alcohol)** Topic 3, Pharmacy. Alcohol of the strength laid down in the HPI.
44	**D**	**Cane sugar (sucrose)** Topic 3, Pharmacy. Sugar-of-milk is used for triturations and tablets; globules are cane sugar.
45	**A**	**Mind** Topic 4, Repertory. All mental symptoms are under Mind.
46	**B**	**a concise repertory with a materia medica section** Topic 4, Repertory. Boger's Synoptic Key to the Materia Medica, with a repertory part.
47	**C**	**Radial artery** Topic 5, Anatomy and Physiology. Scaphoid fractures cause tenderness here.
48	**D**	**Parathormone** Topic 5, Anatomy and Physiology. It raises serum calcium.
49	**A**	**Organisation and scar formation (fibrosis)** Topic 6, Pathology, Microbiology and Diagnostics. Cardiac muscle cannot regenerate.
50	**D**	**hypersensitivity to tuberculoprotein (past or present infection)** Topic 6, Pathology, Microbiology and Diagnostics. A positive test does not by itself mean active disease.
51	**B**	**Streptococcus pneumoniae** Topic 7, Practice of Medicine. The pneumococcus.
52	**B**	**Syzygium jambolanum** Topic 7, Practice of Medicine. Syzygium is a classical organ remedy for diabetes.
53	**A**	**Colchicum** Topic 7, Practice of Medicine. Colchicum for acute gout; smell of food causes nausea.

Core: Full syllabus (Topics 1 to 10)

54	**A**	**full dilatation of the cervix** Topic 8, Obstetrics, Gynaecology and Paediatrics. First stage: from true labour pains to full dilatation.
55	**A**	**Enuresis** Topic 8, Obstetrics, Gynaecology and Paediatrics. Nocturnal enuresis.
56	**C**	**Second degree** Topic 9, Surgery, ENT, Eye and First Aid. Full-thickness burns are painless and need grafting.
57	**B**	**Cataract** Topic 9, Surgery, ENT, Eye and First Aid. Commonest cause of treatable blindness.
58	**C**	**new cases occurring in a defined period** Topic 10, Community and Forensic Medicine, Ethics. Prevalence counts all existing cases.
59	**D**	**Myocardium (and then the eyelids and face)** Topic 10, Community and Forensic Medicine, Ethics. Heart first, then eyelids, face, and downward (Nysten's rule).
60	**C**	**understands the nature, risks and alternatives of the procedure and agrees voluntarily** Topic 10, Community and Forensic Medicine, Ethics. Consent must be informed, voluntary and given by a competent person.
